

Triple Threat Against the Axis

Much credit for that terrific pounding administered German and French industrial centers by RAF goes to these new and tremendous four-motored Stirling bombers.

Chinese Consular Representative To Speak Here May 8th

Vice Consul Lee To Address Banquet at Masonic Temple

Responding to an urgent invitation to tell Dixon about China's role in the war against the axis, D. J. Lee, vice consul of the Chinese Republic and one of China's leaders, today agreed to come to Dixon, Friday, May 8 to take part in the community's War Savings Bond drive.

To accord a fitting reception to Mr. Lee and to provide a representative audience to hear his message, a group of Dixon citizens immediately began formulating plans for a Victory banquet at the Masonic Temple that evening. Hurdled long distance telephone calls were made to the U. S. Army and Navy for additional speakers for the occasion and promises were obtained that ranking officers from these branches of the service would join in the program. Invitations to be guests at the banquet were readily accepted by the following officers and executives of the Green River Ordnance plant: Major George R. Underdown, Major Charles G. Tolson, C. W. H. Schroeder and William Steinwerdel.

Experienced and informed in Chinese and Far Eastern affairs, Vice Consul Lee has been in close touch with his country's fight against Japan since the outbreak of war five years ago. Mr. Lee promises to "tell all" about China's bloody but heroic stand against the highly mechanized and ruthless hordes of Nippon. Having been his government's representative in India and Burma before coming to the United States, he knows the Burma road and what the loss of this life-line would mean to China and the cause of the United Nations.

Is Outstanding Personality

Like most of China's present leaders, Vice Consul Lee is a young man, educated and trained in the growing democracy of his country. Born at Paoching, Hunan, South China, he graduated from the Great China university at Shanghai in 1928. He was contributing editor to the China Weekly Review from 1929 to 1930 and in 1930 was appointed special commissioner of the committee on Mongolian and Tibetan affairs of the Republic of China.

As a member of a special mission to the kingdom of Nepal in 1931, Mr. Lee was decorated by the king of Nepal with the Star of Nepal and was honored by that government with the title "Pravala Dakshina Bahu," meaning right hand man to the king of Nepal. Returning to newspaper work in 1932, Mr. Lee became special correspondent at Calcutta, India for the Central Daily News of Nanking. His government again called him for diplomatic service and he was stationed at Calcutta and Bombay, India and at Rangoon, Burma before receiving his present appointment as vice consul in the United States.

As news of Vice Consul Lee's coming to Dixon and the preparations for his reception became noised about, requests for tickets to the banquet began to come in. Harry Bates, named as chairman for the occasion, commented that "the advance sale of tickets, even before we have had a chance to print them, indicates that the 400 places at the banquet tables will soon be taken." The tickets will be available in a few days, he said.

The War Today!

By DEWITT MACKENZIE

The meeting between Messrs. Hitler and Mussolini lacks the power of previous conferences of this unholy brotherhood to cause uneasiness among the allied peoples.

Time was when the world trembled as the all highest of nazidom thundered from Olympus, but we have come to know that he really isn't invincible and that his partner in crime already is a broken man. Possibly unwilling recognition of this fact by the axis twins accounts for the lack of circus showmanship and bombast which has surrounded other meetings.

Actually there could have been little call for this parley for the military standpoint, for the fuhrer completely dominates the weakened Italy. However, the meeting was calculated to sound a note of confidence and solidarity at a moment when the Italian people are in the slough of despond and the outside world is well aware of their unhappy state.

It is a matter of deepest interest that this war council while referring to "the overwhelming victories of the tripartite powers" (Germany, Italy and Japan), appears to have been devoted to "the further conduct of the war by the two nations" (Germany and Italy). This is to say, we are left

Stalin Pleads For Victory This Year, Red Army Stronger

May Day Message Cites Increasing Aid From U. S. and Britain

Moscow, May 1.—(AP)—Joseph Stalin declared in a May Day order of the day today that soviet Russia, receiving more and more military aid from Britain and the United States, must smash Adolf Hitler's troops on a surrender-or-death basis to make 1942 "a year of final defeat of the German fascist armies."

"We are able to do this and we must do this, whatever happens," the premier-defense commissar told soviet armed forces, guerrillas, workers and peasants on this international labor holiday, which was observed within Russia at work instead of at play.

He said Russia was fighting simply "a war of liberation, a just war."

Stalin declared "we have no such aims as the occupation of foreign countries, the subjugation

Dixon Bus Service Starts Next Week

The schedule of the Dixon Transit Co. bus lines both in Dixon and community is expected to be started the first of next week, it was announced at the company's offices today. Earl Watts and several drivers left Dixon last night and this morning going to Richmond, Ind., to bring the fleet of buses from the factory to Dixon.

It was stated that the buses would be driven to Indianapolis this afternoon where they will remain overnight and continue on to Dixon Saturday, the expected arrival time being late tomorrow afternoon. They will be driven to the terminal at the Watts garage on Third street, where they will be placed in readiness to start on a regular schedule of trips the first of the week.

One route will be established in Dixon to make regular trips to the local industries, plants, while other routes will provide transportation for workers at the Green River defense plant, operating from Princeton, Amboy and Dixon.

Plans for Registration of Women for War Activities Dropped Today

Washington, May 1.—(AP)—President Roosevelt announced today that plans for voluntary registration of women for wartime activities had been dropped.

The chief executive disclosed this had been done after Paul V. McNutt, in charge of mobilizing man and woman power for the war effort, had consulted women members of the Social Security Board's federal advisory council and had been told that over the country there are more women who want jobs than there are openings for them.

The president indicated to his press conference that the decision not to go ahead with a voluntary registration for women was not necessarily permanent and that such a listing might be necessary at some future time.

Almost 1,500,000 women, Roosevelt said, are registered with local employment service offices. Any woman can register at these offices, he said, and there are 1,500 of them.

Replying to a question, he said that undoubtedly not all the 1,500,000 women who have registered wanted war jobs in industry or in handling machine tools, but that apparently there were sufficient applications for war tasks to take care of the situation at the present time.

The advisory council group, the chief executive said, recommended that state laws governing working conditions of women should be preserved and even extended in some states with inadequate statutes. These laws cover such things as length of the working day, provision for one day off in seven, adequate rest and lunch periods, and safety precautions.

Death Car Driver to Grand Jury

Adolph Gives Benito Pep Talk in Two Day Meeting at Salzburg

Issue Joint Statement Citing "Victories" of Their Armies

Adolf Hitler and Benito Mussolini, whose meetings in the past have frequently signalled the approach of momentous events, met in a two-day conference ending yesterday at Salzburg, Austria, it was announced officially today.

In the usual stereotyped form, a German communique said the axis dictators met "in a spirit of close friendship and the indissoluble brotherhood-in-arms of their nations."

Allied conjecture, however, centered on the possibility that these points were discussed:

1. Last-minute decisions on the heralded German grand offensive against Russia.
2. Reports of smouldering revolt and war-weariness in Italy.
3. A possible joint German-Italian "final offer" of peace, on axis terms, to the allies.

Informed British quarters declared the purpose of the Salzburg conference obviously was to keep Mussolini in line.

"Hitler must keep both ends of the axis moving in the same direction," these quarters said, "and to do this he must give Mussolini a pep talk."

Reference to "Victories"

A Berlin communique on the conferences referred to "the overwhelming victories of the tripartite powers," of which Japan is the third member, but did not once mention Japan. Several times it mentioned "the two nations"—Germany and Italy—"the two chiefs of government," and "the two foreign ministers of the axis."

The Japanese radio reported that the Japanese military attaché at Berlin, Lieut. Gen. Kazuyoshi Sakamishi, had departed for Rome, where he was expected to confer with Mussolini. The Japanese ambassador to Berlin, Lieut. Gen. Hiroshi Oshima, was reported in Munich Thursday, but there was no word that he had participated in the conversations at nearby Salzburg.

It was the first meeting of the fuhrer and Il Duce since their countries went to war against the United States last December.

The official announcement said: "The meeting resulted in a perfect accord of views on the situation created by the overwhelming victories of the tripartite powers and on the further conduct of the war by the two nations in both political and military spheres."

No Mention of Japan

There was no mention of Japan, the third member of the Rome-Berlin-Tokyo bloc, having been represented at the meeting.

While the communique extolled past "overwhelming victories" by the axis, Russia's Premier Joseph Stalin painted a contrasting picture of the present, declaring in a May Day manifesto:

"War has brought to the German people great disappointment, millions of human lives have been sacrificed, hunger and impoverishment. Human reserves are running out. Oil is running out. Raw materials are running out."

Stalin declared that Russia, now receiving more and more military supplies from the United States and Britain, would smash Hitler's invasion forces on a surrender-or-death basis to make 1942 "a year of final defeat of the German fascist armies."

A curious sidelight of the new axis conference was that it was no longer held at the "half-way point" at Brenner Pass, where Hitler and Mussolini have met often in the past. Salzburg, in former Austria, is 100 miles north of the pass.

The official announcement might just as well have been a carbon copy of communiques on all their other meetings, larded with such glittering generalities as "close friendship" and "perfect accord."

Dissension in Italy

But all this week, reports from Europe have stressed mounting dissension in Italy, with the populace inflamed by hunger, disgust over the war and alarm over the rising might of the United Nations.

These reports declared that while Mussolini blustered about "inexorable punishment" for dissidents, Hitler was deeply concerned.

A British commentator declared that "Hitler doubtless feels the need to explain his Sunday speech first hand, for it needs some explaining to the Italian people."

Bern reports of the speech said the fuhrer belittled the ability

Rock Falls Woman Kills Spouse and Self During Night

The bodies of Seba Longabaugh, 67, and his wife Mary Elizabeth, 53, were found in their home, 614 Sixth avenue, Rock Falls, Thursday morning and a ten-page note found in the house indicated, according to Dr. C. M. Frye, Whiteside county coroner, that the woman had planned the murder of her husband and her own self-destruction since February.

The double tragedy was discovered about 10:30 a. m. when a milkman found a note in the milk bottle on the porch timed at 4:10 a. m., in which Mrs. Longabaugh stated she had shot her husband and was going to hang herself and directed that Mr. Longabaugh's body be taken to the Melvin funeral home and hers should be taken to the Meyers funeral home, both in Sterling.

City Marshal M. B. McDonnell of Rock Falls was notified by the milk firm for whom the milkman worked and investigated, with Walter Rhodes, son of Mrs. Longabaugh. The coroner said it appeared she had started to hang herself and then cut the rope and had shot herself through the right temple with a .32 caliber revolver.

Shot Through Heart

Longabaugh lay in the bed in his night clothing, shot through the heart. She lay on the floor at the foot of the bed with the revolver nearby on the floor.

The coroner said the contents of the long note indicated the couple had argued over the home for some time.

A coroner's inquest will be held at 4:30 p. m. today.

Mr. Longabaugh was born April 3, 1875, in Dunkirk, O. He was married Jan. 31, 1897, to his first wife, Lennard, in Dunkirk. She died in Sterling in 1927.

He is survived by two daughters, Mrs. Claude Rice, Beloit, Wis., and Mrs. Earl Taylor, Chicago; a son, Fred Longabaugh, Sterling, and four grandchildren. Fred Longabaugh was an unsuccessful candidate in the Republican primaries for the nomination of sheriff of Whiteside county.

Mrs. Longabaugh was born July

Allies Retreating Rapidly in Burma; Fall Back 100 Miles

However Chinese Claim Routes From India to China are Available

(By The Associated Press)

Japanese troops were reported attacking only 20 miles south of bomb-wrecked Mandalay in Burma today after British troops defending the right flank of the allied line had fallen back nearly 100 miles.

On the left flank, a later bulletin from Chinese headquarters reported that fighting was in progress at Hsenwi, 25 miles northeast of Lashio, the gateway to China, which the Japanese captured on Wednesday.

The two late reports indicated that the allies were rapidly losing ground in the climactic stages of the battle for Burma.

Imperilled by the Japanese thrust to Lashio, 130 miles northeast of Mandalay, the British were said today to have withdrawn to protect the overland routes to India.

While the crisis in Burma remained acute, with the Japanese invaders now standing at the gateway to China astraddle the Burma road, a Chinese announcement declared the fall of Lashio would not halt the flow of Chinese reinforcements for the continued defense of North Burma.

Moreover, the Chinese said, alternative supply routes from India to China are already in working order.

Chinese dispatches said Lashio, captured by Japanese mechanized columns Wednesday, had been torn to smoking rubble heaps by Japanese bombing assaults and the allies' scorched earth policy.

Other Developments

Other developments in the Far Pacific theater included:

1. Japanese warships and troop transports were reported massing among the Marshall islands in the South Central Pacific, stirring speculation that the Mikado's seaborne invaders might be preparing a major thrust against the American supply line to Australia.

In Australia, Gen. Sir Thomas Blamey, allied land commander under Gen. Douglas MacArthur, warned that the Japanese were preparing to strike anew in the Anzac zone.

"Increased enemy activity means he has some further plan," Gen. Blamey said.

2. In the Philippines, Japanese dive-bombers renewed their assault on Corregidor island fortress.

Tragedy Victim

CHARLES BALL
12-year-old Dixon boy who died from injuries received when his bicycle was struck by a car driven by Donald Blackburn, also of Dixon, on a road in Swisshill Wednesday evening. He is shown (left) above with his younger brother Leslie. Blackburn was held to the grand jury on a charge of manslaughter. Details in adjoining column.

Donald Blackburn Is Held for Ball Boy's Death in Collision

Victim Died at Hospital Thursday; Unconscious Until His Passing

Donald Blackburn, Dixon, today was held to the Lee county grand jury on a charge of manslaughter by a coroner's jury at the close of the inquisition into the death of Charles Robert Ball, who passed away at the Dixon public hospital at 2:50 o'clock Thursday afternoon, and State's Attorney Morey Pires, who attended the inquest, secured an order from Judge Leon Zick, presiding at the present April term of the Circuit court, recalling the April grand jury at 9 o'clock Monday morning, May 11.

Coroner Frank E. Nangle of Paw Paw conducted the inquest at the Melvin funeral home this morning at 9 o'clock. State's Attorney Pires was present and examined the several witnesses. Attorney Albert Henneken appearing in behalf of the Ball family and Attorney Edward Jones was reported to represent Blackburn.

At the conclusion of the inquisition the jury found that the Ball boy's death resulted from a skull fracture sustained in a collision of his bicycle with a car driven by Blackburn Wednesday evening about 8:15 on the Fourth avenue black top highway connecting U. S. route 30 and state route 26 in Swisshill.

Sheriff Is Witness

Sheriff Gilbert Finch testified that when Blackburn was taken to the county jail Wednesday night by Chief of Police J. D. Van Bibber to make a report of the accident, he attempted to escape, but was overtaken by officers and returned to the jail office, later to be locked in a cell, where he was held today. The sheriff, testifying of his investigation at the crash scene, stated that skid marks on the black top surface indicated that Blackburn had slid the wheels of his machine almost 100 feet.

The car, Sheriff Finch stated, had recently been contracted for by Blackburn, and bore no license plates, the driver stating at the county jail office, that he did not possess a driver's license. The car, the sheriff stated was over the curb at the left side of the road, and after his investigation, it was hauled to a local garage.

Sheriff Finch, in responding to questions, stated that he was aware that Blackburn's driving license had been revoked, and testified that he believed that the license was now held by the Lee county judge.

Remained Unconscious

Howard Hufford, William H. Liewing, Harry Johnson and Alois Dogwiler, all residing in the neighborhood of the collision Wednesday evening, testified to their activities upon reaching the scene, in caring for the two injured boys, Ball and Ivan Ruppert. Both were unconscious but Ruppert regained consciousness before his arrival at the hospital. The Ball boy never regained consciousness.

The above witnesses and Officers Harry Fischer and Jack Van Meter, who were called to the scene, testified that Blackburn cursed because aid did not reach the scene sooner, but responding to questions, the officers stated that he was sober. Several of the witnesses testified about the skid marks on the black top surface of the roadway, and stated that the Blackburn car, which was being driven north of Fourth avenue, was on the left side of the road.

Dr. Howard M. Edwards, who attended the victim of the collision, testified that the boy sustained a skull fracture over the

250 Killed, 1,500 Injured in Belgian Factory Explosion

London, May 1.—(AP)—A chemical factory at Tessenderloo, in the new industrial district of northern Belgium—a particular zone of activity for the anti-German "White Brigade" of the conquered Belgians—has been destroyed in an explosion which, according to the German radio, killed 250 persons and injured about 1,000.

Berlin belatedly relayed an announcement today of the Nazi-dominated Belgian government that not only the plant but a technical school and a number of nearby houses were destroyed or severely damaged by the blast two days ago. No cause was given.

The announcement emphasized that the factory produced "artificial fertilizers of various kinds and washing preparations for the Belgian market only."

Nazi Statement Denied

The Free Belgian news agency, identifying the factory as a unit of La Societe Onymex des Chimiques, asserted, contrary to Berlin, that the factory turned out sulphuric acid, synthetic ammonia and nitric acid for explosives and

Tough

Sapulpa, Okla., May 1.—(AP)—"Why, man, I'm too tough and too mean to die. The world might end before Deever's does!"

The speaker was Aunt Lizzie Deever, who on her 11th birthday, an event that couldn't be canceled even by a car that knocked her down and cracked many of her ancient bones.

When Aunt Lizzie was carried into a hospital last fall, a physician surveyed her numerous injuries, considered her age, and told her that her time has come at last.

By way of reply, Lizzie grabbed him by her left arm—the right was broken—and tossed him to the floor.

"I'm Cherokee Indian, Irish and Dutch," she declared, "and I ain't dyin' kind! I've had nine husbands and they didn't kill me, so I don't reckon an automobile could do it!"

After five restful months in a hospital bed, Aunt Lizzie's doctor shook his head in amazement and told her to go home. She responded with alacrity and immediately began work on a Victory Garden.

On her 11th birthday, Lizzie announced she was going to be married for the tenth time. Later, there was a quarrel and she asserted that she had "had my last affair."

Today she wasn't so sure about it. Seen there's a young fellow of about 80 in town and Lizzie gets lonesome.

Missing Plane Is Located from Air

Albuquerque, N. M., May 1.—(AP)—A four-motored plane missing from the Albuquerque base since April 22 with seven men aboard was located from the air today at a point 15 miles southwest of Cimarron in northern New Mexico, the army announced.

The plane disappeared while en route back to Albuquerque base on a routine training flight which had taken it to Kansas City.

Aboard were:

Captain Robert O. Redding of Minutae, Neb., the pilot; Lieut. Charles O. Reynard, Jr., Hiram, Ohio; Lieut. Rowland L. Jefferies, Kansas City; Lieut. J. G. Ruff, San Jose, Calif., co-pilot; Lieut. G. E. Van Hoozer, Kansas City, flight engineer; Corp. Duane M. Peterson, Salt Lake City; and Corp. Phillip Macomber, Pendleton Field, Ore.

Colonel Frank D. Hackett, commanding officer at the base, reported that ground crews were en route to the crash scene by foot.

The fate of the men aboard the ship was not known immediately.

13 Soldiers Escape From Fort Sheridan

Fort Sheridan, Ill., May 1.—(AP)—Thirteen privates escaped from the guardhouse at Fort Sheridan during the night, military authorities disclosed today when they requested Chicago and other police to aid in their recapture.

The soldiers, some of whom had been sentenced by court martial and some whom were awaiting trial, were identified by the military authorities as:

Robert Mueller, 23, of Hartford, Mich.; Wayne Ramsey, 21, of Paw Paw, Mich.; Luther Harris, 19, of West Frankfort, Ill.; Louis Monroe, 19, of Shawneetown, Ill.; Eldon Schroeder, 21, of Decatur, Ill.; and the following Chicagoans: William Young, 18, Salvatore Fenelli, 21, James J. Denos, 23, Bert Lindquist, 22, Robert Fultz, 22, Henry P. Trentz, 19, Alfred Lockhart, 18, and Joseph J. Reduck, 20.

Soldier is Acquitted in Manslaughter Case

With the U. S. Army in Northern Ireland, May 1.—(AP)—A court martial today acquitted Sergeant William V. Clippasam of Narbeth, Pa., of a manslaughter charge in the death of an Irish bus driver April 17.

Testimony was given that the driver, Albert Rodde, 30, drove in a column of military vehicles escorting high United States officials and raced with Clippasam's armored car.

The defense said a machine gun, which it demonstrated to be defective, was discharged accidentally when the car was jarred in trying to keep Rodde's bus out of the convoy. Three bullets struck Rodde.

The civil government waived jurisdiction in the case.

Sterling Company Enjoined from Violating Federal Price Ceilings

The Northwestern Steel & Wire Company of Sterling and seven Illinois scrap dealers have been temporarily restrained from violating government price ceilings on iron and steel scrap.

Federal District Judge William H. Holly issued the injunction in Chicago yesterday and fixed May 18 for hearing on a permanent injunction sought by John C. Weigel, regional director of the Office of Price Administration. The suit also named 14 scrap dealers outside of Illinois.

Weigel charged in a civil action filed early in April that the Sterling firm had purchased scrap iron and steel at prices above the OPA ceiling through its Chicago broker, M. S. Kaplan.

The Northwestern Steel & Wire Company, also named in the injunction.

All the scrap dealers were charged with "upgrading"—applying prices for higher grades of material to inferior grades of scrap—in transactions. They also were charged with failure to keep complete and accurate records.

The other Illinois defendants were:

Newton Iron & Metal Company, Ottawa; Rothstein Iron & Metal Company, Freeport; Southern Illinois Scrap Iron & Metal Company, Harrisburg; J. H. Krause, Inc., Rockford; Atlas Iron & Metal Company, Joliet; Aurora Auto Wrecking Company, Aurora; Kishwaukee Auto Parts Company, Rockford.

Basic Loan Rate on 1942 Wheat is \$1.14

Washington, May 1.—(AP)—The agriculture department announced today its basic loan rate on 1942-grown wheat would be \$1.14 a bushel at the farm.

The corresponding rate for 1941 wheat was 98 cents.

The loan program is contingent upon grower approval of wheat marketing quotas in a referendum tomorrow.

The crop control act requires that loans not be made in event the quotas are rejected.

The basic loan rate is the equivalent of 85 per cent of the parity price of wheat, which was \$1.3335 April 15.

Actual loan rates vary according to grade of the wheat and its place of storage. Rates would be highest at terminal markets and lowest at far-distant points from those markets, reflecting transportation charges.

SUNDAY SCHOOL LESSON

Need for Prayer and Meditation Seen In Days That Are Full of Complexity

Text: Mark 11:1-11; Luke 19:41-44

BY WILLIAM E. GILROY, D. D.
Editor of Advance

I am writing these words on the day following Palm Sunday, on which churches throughout the country have celebrated the event recorded in our lesson, the triumphal entry of Jesus into Jerusalem. Now, within the space of a week, we have emphasized the contrast that our lesson itself suggests. The tragedy that was to befall Him on the following Good Friday, in the betrayal and crucifixion, is not mentioned, but we have included in contrast with the glory of the triumphal entry the prophecy of Jesus concerning the destruction of Jerusalem itself.

Probably many have wondered how, in so short a time, the tragedy of the trial and death of Jesus could have followed so striking a scene of enthusiasm on the part of the people who welcomed Him into Jerusalem, casting their garments in the way and spreading branches along the road. There are two possible explanations. It may be that the reception of Jesus by the people may have had the effect of arousing the enemies of Jesus to more violent action against Him. Those who had so much protective interest in their exercise of authority and teaching that they resented the intrusion of a teacher who "spoke with authority and not as the scribes," who had not been trained in their schools, and who did not bear their particular label, would naturally be only the more intense when they saw the crowds who welcomed Jesus and heard them crying, "Hosanna, blessed is He that cometh in the name of the Lord."

If it was a moving spectacle and one to arouse enthusiasm, it was also one to stir up the most violent hatred and antagonism on the part of those who already had tried to silence the Master and destroy Him and His Ministry.

Wednesday, the Senior Lutheran League is planning their meeting for 7 p. m. in Lowell Park. Cars will leave the church from 5:30 to 6 p. m. taking leaguers to the park. Before the devotional meeting the young people will have a wiener roast.

Thursday 12:00 M. Ladies' Aid at the church. Postal cards have gone out to all members announcing a picnic luncheon, also that each member shall bring money

Another explanation may be that those who cried "Hosanna in the highest," and the mob who said a little later, "Not this man, but Barabbas," were not the same people. We may assume from many passages in the New Testament that there was a division among the people concerning Jesus—some listening to His teachings, observing His great work, impressed with His gentle character and goodness; and others devoted to formal authority and the ecclesiastical status quo, who took the part of the authorities in opposing Jesus and in treating Him contemptuously.

But the scene stands as one of unforgettable glory, in contrast with the dark days that were to follow. How devoted some were to Jesus is evident in the story of the colt. Whoever its owner may have been, evidently all that was necessary was to say that the Master had need of him and the colt was immediately available for the honored place that he has had in history. There is a suggestion of something miraculous in Jesus' riding peacefully into Jerusalem on the back of a colt that had never been broken in, an animal "whereon no man ever yet sat."

One should not miss the eleventh verse, which tells how, when Jesus entered into Jerusalem into the temple and looked round about upon all things. He went out with the 12 to Bethany. One wonders how He and the faithful ones had managed to escape from the acclaiming crowd, but we are reminded how needful, even in such days of popularity, was the Master's practice of meditation and prayer.

Surely there is a suggestion for us concerning our own need in days that are busy and full of complexity. If our Master needed the quiet of Bethany with prayer, meditation and close companionship, how much more do we!

People's Column

CHRISTIAN EDUCATION

To the Editor:

During this war, which we are going to win, we must not forget the peace and order we all want so much at the end of it.

As a parent, I want other parents to think with me about the Christian Education proposed for the public schools.

My children, as do other children, look to their parents for advice and example, especially when they are younger. When they finally get to the age of reasoning and logical thought, I'd give my right arm to prevent their accusation, "Why didn't my folks do something about it?"

Only in Christian principles, taught more than just on Sunday, will the solution to a peaceful world be found. I want this help for my children, and I want the same opportunity offered to other children. I know that other thinking citizens will agree with me that the study of the Bible can do more than any other single thing to help Dixon children to a fuller life!

Through the financial campaign of the Dixon Council of Christian Education I can give definite expression to my wants and it's much easier to give dollars than to give my right arm!

Sincerely,
A Dixon Mother

White House Is Being Enlarged With Wing

Washington, May 1.—(AP)—The White House permitted disclosure Thursday that an enlarged east wing is being added to the historic structure.

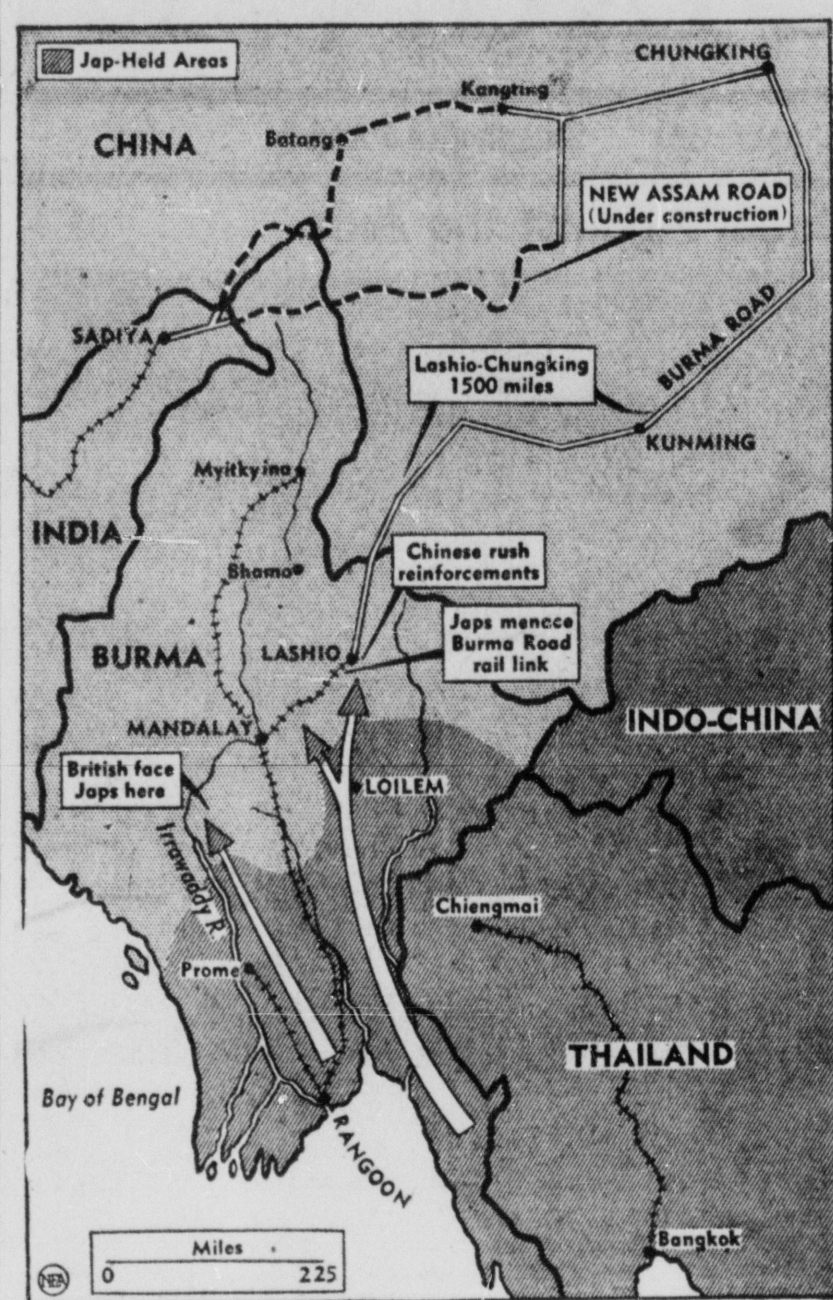

Presidential Secretary Stephen Early said it would be used for office purposes and would balance architecturally the west wing now housing all the executive offices.

The west wing now is crowded with more than 200 employees, exclusive of the secret service and White House police detail.

The police and secret service will occupy part of the new east wing.

The east wing formerly was used principally for cloak rooms and a corridor through which visitors and sight-seers passed into the executive mansion.

Japs Menace Vital Rail Link

Driving north from Loilem, Japanese mechanized divisions in Burma threaten the Chinese defenders of Lashio. Jap success would cut vital Lashio-Mandalay railroad; might necessitate destruction of much U. S. Lend-Lease material destined for China. Stored in Lashio, war material awaits shipment over Burma Road to Chungking.

Registration for sugar rationing for all individual consumers will be held in the Central school auditorium on May 4, 5, 6, 7.

Grade school teachers and volunteer citizens will serve as registrars. Every individual in Rochelle should be registered on one of these dates. Ration Books will be given out at the time of registration.

To avoid unnecessary waiting at the place of registration, persons are requested to come to the school according to alphabetically arranged groupings.

Persons whose last names begin with letters from:

A through F, Monday, 9 a. m. to 3 p. m.

G through L, Monday, 3 p. m. to 9 p. m.

M through R, Tuesday, 9 a. m. to 3 p. m.

S through Z, Tuesday, 3 p. m. to 9 p. m.

Careful observation of this schedule will help to save time for those who come to register and will make for a more efficient registration.

Persons who cannot come for registration according to this schedule may come on Wednesday and Thursday between the hours of 1 p. m. and 9 p. m.

Grade schools will be closed on Monday and Tuesday only and resumed for the remainder of the week.

Persons registering for sugar ration books are requested to enter the Central school building, 225 North Broadway, for the north gymnasium door. Registrars will be present to give instructions through the hours indicated.

To facilitate rapid registration, forms are being sent home by school children and through the grocery stores. Fill these out and have them ready to hand when registering when registering for sugar ration books. These forms may be obtained at the grocery store if you do not receive one.

Who is the correct person to apply?

1. Persons of any age who are NOT a part of any family unit.

2. Persons who are applying for EVERY member of a family unit.

Beta Sigma Phi Honor Founders on Anniversary

Last evening was an important occasion for Beta Sigma Phi of Gamma Mu chapter, both active and pledges, for it was then that the chapter celebrated the Greek letter group's anniversary with a Founders' Day banquet, ritual of jewels, and installation ceremony at Lowell Park lodge. Disregarding the traditional avoidance of the number 13, the party numbered just that many members and pledges.

Patriotic red, white and blue appointed the banquet table, decorated by Miss Dagmar Petersen and Mrs. Clifton Boyd. A statue of Uncle Sam and a flag reflected the chosen patriotic motif, and was again repeated in lighted tapers, and V's of blue crepe paper, knotted with red rosettes. Tiny flags and the Greek insignia of Beta Sigma Phi decorated the placecards.

Mrs. Henry Pollock, the retiring president, presided during a patriotic toast program presented by Miss Alice Thomson, the new president; Miss Ruby Jensen, Mrs. Albert Vandenberg, Miss Helen Friedrichs, Miss Dagmar Petersen, Mrs. Clifton Boyd, Miss Clara Gray, and Miss Gula Smith. Mrs. Willard Thompson and Mrs. H. M. Edwards, sponsors of the chapter, were special guests, and Mrs. Thompson reviewed the history of the sorority.

Pledge pins were presented to four probationers, including the Misses Clara Gray, Mary Jean Hake, Helen Friedrichs, and Gula Smith. Preceding the ritual of jewels, Miss Hake sang a solo, and the group joined in the song, "The Star Spangled Banner." Greetings from Walter Ross, founder of the sorority, were read by Mrs. Pollock.

Installed with Miss Thompson were: Vice president, Mrs. Clifton Boyd; secretary, Miss Clara Gray; corresponding secretary, Miss Gula Smith; treasurer, Miss Ruby Jensen; program chairman, Mrs. Vandenberg. A tiny, pearl-set gavel, to be attached to her sorority pin, was presented to Mrs. Pollock, in appreciation of her capable leadership as chapter president.

"Home Planning" is to be the study theme for the next meeting, scheduled for Thursday evening, May 7. On the following Thursday evening, May 14, the chapter members will be entertained with a terrace picnic at the home of Mrs. Edwards on Chula Vista.

Observe Fifty-Ninth Anniversary

Mr. and Mrs. Vincent Arnould

High mass was celebrated at 7 o'clock this morning at St. Patrick's Roman Catholic church by the Rev. Father Thomas L. Walsh, honoring Mr. and Mrs. Arnould, who were celebrating their fifty-ninth anniversary today.

At noon, the Arnoulds were luncheon guests of their son-in-law and daughter, the L. M. Daileys. An informal open house was planned for this afternoon and tonight at the couple's home, 515 Hennepin avenue.

Mr. Arnould is 51 years old, and she is 77. The couple have four children, Mrs. Dailey, Rae Arnould, Vincent Arnould, Jr., of Ashton, and Mrs. Ray Tubbs of Amboy, and there are also seven grandchildren.

MEMBER OF CHINESE MERCHANT FAMILY TO ADDRESS PHIDIAN ART CLUB AT "REYNOLDSWOOD"

A young woman who is a member of a Chinese merchant family that boasts of five generations in California, will be coming to Dixon on Tuesday to share with members of the Phidian Art club much interesting information concerning the native country of her ancestors that remains a closed book to most persons. The speaker is Miss Lynne Lee Shew of International House, University of Chicago, and her lecture, "China Today in Defense and Reconstruction," will be presented at "Reynoldswood," where Mrs. John G. Ralston will be entertaining at her beautiful estate.

After receiving a master's degree from the University of California, the death of a brother, a medical student of the same college, moved Miss Shew to travel throughout North America to raise a hospital construction fund among its Chinese residents for the erection of a charitable medical institution in southern China. Chung Shan district, home of China's George Washington, Dr. Sun Yat-Sen.

Upon the completion of this charitable hospital and its free clinics, Miss Shew's interest in social problems of China's needy led her into the educational field, where she became the principal of the county high school for girls in Shekhi. The commissioner of education liked Miss Shew's American school management and appointed her the principal of the Kwangtung Provincial Normal School for Girls in Canton (State Teachers college).

The Japanese invasion of 1937 created more work for Miss Shew by sweeping her into the war relief whirl. Because of her connections with hospitals and schools in the province, she headed the Kwangtung relief division of Madame Chiang Kai Shek's national war relief program. The responsibilities of this position brought her in close contact with orphans, war destitutes, wounded civilians and crippled soldiers, as well as war relief volunteers.

It is the philosophy and fortitude of the war-stricken Chinese in facing untold suffering and yet not hating the very ones that had inflicted this suffering; their hardships in their flights from the invaders; their salvation found in industrial co-operatives; their wartime educational program training future reconstructive builders of a New China; their reasons for their high morale and staunch resistance that have baffled the world for over four years that Miss Shew has to tell Americans as seen through her American-trained eyes.

During the past year, Miss Shew has spoken continentally from California to Washington, D. C., before women's organizations.

HOBBY SHOW OF LINCOLN SCHOOL IS SUCCESSFUL EVENT OF LAST EVENING

The big gymnasium of the Lincoln grade school was transformed into a colorful scene yesterday, as the last scrapbook, shell, potted plant, bit of knitting and crocheting, photograph, and miscellaneous subjects—ranging from radio research, interior decorating, beauty culture, dress designing, fungi, cancelled postmarks from around the globe—were moved into place for the school's fourth annual Hobby Show. Approximately 350 guests turned out last evening to view the exhibit, which emphasized creative work this year. A jury of judges, composed of Mrs. W. A. McNichols, L. W. Miller, and Mrs. I. B. Hoefer, awarded ribbons to outstanding displays. Yellow ribbons were pinned to the best entry from each room, including:

First, Roberta Downs, and Sylvia Nelles; second, Shirley Woodridge and Mary Jane Beach; third, Miss Jamison's room project and Roland Helms; fourth, Mary Ann Nieman and Jerry Hipple; fifth, Miss Mercedes Moore's room map and William Mercer; sixth, Gordon Johnson and Virginia Campbell; seventh, Melvin Walker and David Ashley; eighth, Loma McCordie and Betty Houston.

Group awards were made as follows:

Kindergarten, first, second and third grades—Best displayed hobby: First, room; second, Billy Kemp; third, Virginia Schmall; best creative work done on hobby: First, Eldon Loesch; second, Sylvia Nelles; third, Gale Callow; most unusual hobby: First, Robert McConaughay; second, Donald Scarbrough; third, Edward Perry; most extensively developed hobby: First, Roland Helms; second, Roberta Downs; third, Richard Seagren.

Fourth, fifth, sixth, seventh and eighth grades—Best displayed hobby: First, Loma McCordie; second, Betty Jane Frerichs; third, Neva Hickman; best creative work: First, room; second, Jean Sitter; third, Lucile Jensen; most unusual hobby: First, Karl Shaver; second, Gordon Johnson; third, James Riley; most extensively developed hobby: First, Hollis Taber; second, Jaqueline Beach; third, James Scarbrough.

At 7:30 o'clock last evening, a short program was presented, including patriotic songs by the boys' chorus, directed by Miss Marion Lawson; short talk, "Radio as My Hobby," Carl Shaver, an eighth grader; short talk, "Music," Beverly Nelles, also an eighth grader, who played a piano selection of her own composition; "Photography," Mrs. Carl Buchner, Jr., who illustrated her talk with black and white and kodachrome slides.

Teachers of the school include Miss Esther Barton, principal; Miss Cornelia Conibear, Donald Clark, Mrs. Mary Lioridan, Miss Jean Lindberg, Miss Ruth Crombie, Miss Marjorie Chandler, Miss Mercedes Moore, Miss Mary Trombold, Mrs. Margaret Richards, Miss Natalie Perry, Miss Maurice Smith, Miss Gladys Jamison, Miss Lorraine Missman, Miss Retta Slothower, Miss Nina Walrad, Miss Grace O'Malley, Miss Gladys Smith, and Miss Savilla Palmer.

EVENING CLUB

Mrs. R. H. Scales and Mrs. C. K. Willett entertained at the Scales home Wednesday evening for a bridge club of 12, with Mrs. Gilbert Finch and Miss Myrtle Swartz as invited guests. Mrs. H. M. Edwards and Miss Lucile Stauffer are to be the next hostesses.

Canadian factories produced 1,861,028 pairs of leather footwear during July, 1940.

Mrs. Beede Is Choir Hostess

Mrs. Alice Beede of 222 Ottawa avenue was planning everything for her guests' enjoyment, when she opened her home last evening to the Treble Clef choir of the First Methodist church. Miss Marie Worley, director of the young singers, who are heard during the morning worship hour each Sunday at the church; Miss Lolla Quick, pianist; and Dr. and Mrs. F. L. Blewfield were included on the guest list, numbering 32. Crawford Thomas, organist, and Mrs. Thomas, were unable to be present.

After the guests assembled, Mrs. Beede was sharing her interesting travel experiences in Paris, Naples, and Vesuvius, a number of years ago. Also included in the evening's entertainment were two humorous readings by Mrs. Blewfield; and a musical romance and dancing doll performance.

Refreshments were the concluding pleasure, with Mrs. A. N. Boyd and Mrs. C. C. Hintz assisting the hostess.

SERVICE CLUB

Mrs. Donald Raymond will be hostess to members of the Service club, Monday afternoon.

WOMEN OF ILLINOIS CAN HELP WIN THE WAR!

Here is one way you can help make the treacherous Japs and Nazis pay

THE WAR of the Pacific has cut off our supply of vegetable oils from the Philippines and Dutch East Indies, amounting to over a billion pounds a year.

We face a shortage of fats and oils in our country. Here is how you—in your own kitchen—can help to make up that shortage—and to avenge Pearl Harbor.

Save all Fats and Greases!

Begin to save all cooking fats and greases usually thrown away. Take them to your meat dealer. He will pay you for them and turn them over to the regular companies whose trucks call on him several times a week for his waste fats and bones.

None of the greases and fats you save will ever be used for food.

These companies will convert your reclaimed fats and greases into products needed for war. Being high in glycerine content, they are vital to the manufacture of munitions.

Follow These Simple Instructions:

1. Save all fats and greases in your kitchen.
2. Strain grease through any suitable fine-mesh kitchen strainer. It must be clear grease, free from foreign matter such as coffee grounds, etc.
3. Use any coffee can, jar or other simple container.
4. When a pound or more of grease has been collected, take it to your regular meat dealer. He will pay you in Defense Stamps or cash.
5c per pound for clear, light grease
1c per pound to Retailers for handling
Subject to changes with market values.
5. To be helpful, as you want to be, please follow the above suggestions.

A Thought for Today

Let no man deceive you with vain
words for because of these things cometh
the wrath of God upon the children of dis-
obedience.—Ephesians 5:6.

Give all to love; obey thy heart.—Ralph
Waldo Emerson.

The Turning Point

The layman ventures diffidently to advise
the expert. This is particularly true when the lay-
man does not know all the contributing facts.

We do not make bold to tell the generals and
the admirals how to win this war. We can say, how-
ever, that somewhat more than a hundred thirty
million Americans will be wild with delight when
sound strategy permits us to carry the war direct
to Tokyo, Berlin and Rome.

The Armchair Strategists of America, unincor-
porated, are convinced that the axis must be beaten
at home. Counter-offensive activities, designed to
hamper the nazis and the Japs in their attacks,
are necessary. We don't belittle their importance.
But we do feel that they are mere stopgaps.

Germany and Japan have spread their tentacles
over the world, seizing one outlying territory after
another. We can't restore peace by arduously re-
capturing the lost possessions island by island.

We amateurs are convinced that the way to
win this war is to invade Germany and Japan.

To the extent that the bombing of Tokyo and
other Japanese cities is a preliminary step in such
an offensive, it may be said to mark a turning
point in World War II.

We, the lay majority who urge this bold course,
have no illusions that it will be easy. The cost in
blood, sweat and tears will be beyond anything this
sad world ever yet has suffered. But it can be done.

An offensive against either Germany or Japan
presupposes the availability of millions of well-
trained fighting men.

These millions must be provided with ample
armament at least as good as the axis possesses—
tanks, planes, guns, munitions.

The men, the materiel, food, clothing, medical
supplies, must be carried safely across thousands of
miles of submarine-infested ocean, week after week,
month after month. This will require a ship ton-
nage almost beyond comprehension.

We are training the men. We are producing
materiel at an ever-increasing tempo. We are build-
ing ships probably faster than ocean carriers ever
before were turned out.

On behalf of the armchair strategists, we con-
cede that we laymen can not know exactly at what
moment there will be enough men properly trained
and adequately equipped with enough ship tonnage

to carry them to battle and maintain them until
victory is won.

That is for the best generals and admirals to
determine, just as they must solve the equally dif-
ficult puzzle of selecting the jumping-off places for
invasion of Germany and Japan.

We don't envy the brass hats either of those
jobs. But we do insist, respectfully, that they must
be done at the earliest possible moment. And we
hope the bombing of Japan was the first step to-
ward taking the war to the enemy homelands.

How to Curb Inflation

Congressmen worrying about how to curb in-
flation and also how to keep their jobs in Washington,
should be heartened by reports that President
Roosevelt plans to call for freezing of commodity
prices, wage controls and new curbs on installment
buying.

The President's proposals appear to be similar
to the Canadian plan for checking inflation, which
the aforementioned congressmen still might study
with profit.

Canada, too, insisted for a time upon the Anglo-
Saxon prerogative of trying to muddle through.
They tried, up there, piecemeal price-fixing with-
out any attack upon the fundamental elements of
cost.

Now they have learned better. Taking the bull
by the horns, they did what this country ultimate-
ly will be forced to do. They selected a base period
and froze all prices, including those of labor, at sub-
stantially a current level, with provision for minor
adjustment here and there.

Inflation, which had been proceeding slowly but
apparently inevitably, was stopped.

Meanwhile the United Kingdom and the United
States, without such courageous action, have
watched the cost of living continue to soar.

Figures are boring and can be confusing. But
every time a housewife buys groceries, or her hus-
band a suit of clothes, they have to deal with the
unpleasant statistical fact that what they spent,
subtracted from what they did have, leaves an even
smaller remainder in their pocketbooks or bank
account. The longer we permit inflation to con-
tinue, the closer the cost of necessities will come
to eating up all the wage dollars there are.

The family dollar of pre-war vintage was worth
only 88 cents in this country in February, and is
worth less today, although the exact measurement
isn't yet available.

The family dollar of pre-war vintage was worth
only 87 cents in Canada and 77 cents in Great Brit-
ain in January, the latest month for which figures
are available.

But England and Canada had been involved in
all-out war for more than two years before we be-
gan fighting, and for a year and a half before we
really began trying to create a war economy.

Great Britain still is trying to curb inflation
by guerrilla methods, striking here and there and
getting nowhere, just as we are. So long as Can-
ada did likewise her price level rose gradually but
persistently—just as ours is doing.

Then, as Fred S. Ferguson has told in his on-
the-spot articles, the Dominion decreed that after
December 1 no price and no wage should be higher
than that for the base period from September 15
to October 11.

In November, the last uncontrolled month, the
pre-war dollar was worth slightly under 87 cents.
In December the dollar was worth a full 87 cents
and in January slightly more.

Price inflation had been stopped dead in its
tracks, and even set back a few inches.

BEHIND
THE NEWS
By PAUL MALLON

(Distributed by King Features
Syndicate, Inc., reproduction in
whole or part strictly prohibited.)

Washington, May 1.—A second
front has been inaugurated al-
ready in Europe—in the air.

The daily pounding of RAF
bombers on German production
will be accelerated, but there are
limitations to how far it can go.
The British lost 13 four-engine
ships in a recent raid.

The seriousness of such a loss
is evident when you consider our
maximum production goal is about
that many ships daily. The nazis
abandoned the air front in Britain
because it was too expensive.

The story persists that General
Marshall and Harry Hopkins went
over to persuade the British to in-
vade the continent immediately by
sea. What they really went about
is the demand which is being
placed on our production, mainly
our planes.

The Reds want bombers. The
Syrian front is screaming for
fighting ships. India has put in
hurry calls for arms and General
MacArthur thinks he can lunge
back at the Japs if he can get suf-
ficient air strength.

These are more immediate prob-
lems than invasion of the con-
tinent.

The president said he is spend-
ing \$100,000,000 a day, will spend
\$200,000,000 daily before the end
of the year and that this sum will
cause inflation unless he acts.

Yet only two steps in his plan
are directed toward the cause. He
wants to draw back an indefinite
sum by having war workers (who
are getting most of it) buy bonds
voluntarily. A confiscatory excess
profits tax on corporations, such
as he mentioned, would recapture
some.

But these two methods will not
recapture more than a small frac-
tion of \$100,000,000 or \$200,000-
000 a day. Average daily bond
sales the first twenty-seven days
of April amounted to \$17,000,000.
The July goal is \$33,000,000.
Daily excess profits tax income
cannot be calculated, but it will
not raise much.

Thus when the plan goes into
effect, the great bulk of the money
will remain outstanding, main-
ly in the hands of war workers
and corporations. That is why so
many economic authorities outside
the government doubt that
Roosevelt's course can be suc-
cessful in curbing the inflation
evil he sees.

There is a secondary cause, the
limited amount of goods for
which "excess income" can be
spent. The president moved di-
rectly at this contributing factor
with the new Henderson price
ceiling and a promise of limited
rationing.

But the price ceiling will not re-
capture the money. It will still
remain in circulation seeking
other outlets. It will still exist as
a menace promoting inflation.

Perhaps the fault can better be
described by citing the plans
which the president did not rec-
ommend. He did not promise
broadening the income tax base
further. He showed a general
sales tax. Incidentally both these
would be generalized impositions
on all groups and not specifically
on those who have the excess
money.

He eschewed a method the
British are now putting into ef-
fect—a 66 2/3 per cent tax on lux-
uries such as jewelry, etc.

He also discarded one specific
remedy. He did not want to in-
crease the 40-hour work week as
a basis for pay for war workers,
because that would decrease their
income. The very income which is
causing most of the worry. Such
an increase in the work week
would in effect be an excess prof-
its tax on labor, not nearly as
drastic as the excess profits tax
on industry.

The most worrisome thing to
the government is the gas ration-
ing. Howls are expected from
every quarter, because the essential
need of each citizen for gas is dif-
ferent from that of any other citi-
zen.

Cars are used as a necessity for
transportation to and from work.
Substitute transportation facil-
ities are inadequate. Few people
in this city, for instance, can get
to and from work on five gallons
of gas a week. Certainly house-
wives cannot shop and take chil-
dren to school.

Thus fair rationing is impos-
sible. If the government is not
careful its forthcoming step is
likely to prove a great demoraliz-
er.

Just as much gas, as well as
official headaches might be saved
if the government abandoned the
rationing theory entirely and de-
veloped itself strictly to outlawing
pleasure driving—driving at
night or on Sundays without a
business necessity permit.

Great feat of the flying fortress
demonstrated by the president in his
fireside chat was the same men-
tioned at the top of this column
April 1. That ship is still supreme
in the air. Nothing developed by
Britain or Germany can touch it,
and the Japs have nothing near it.

A debate seems to have started
over a recent side-remark in this
spot that Britain had promised
India independence once before in
1916. Only the date was wrong.

The Montagu declaration of
British policy, made in the House
of Commons, August 20, 1917,
promised "increasing the asso-
ciation of Indians in every branch
of the administration and the
gradual development of self-gov-
erning institutions with a view to
the progressive realization of re-
sponsible government in India as
an integral part of the British
Empire."

DR. C. P. CLARKE

(Telegraph Special Service)
Rochelle, May 1.—The funeral
of Dr. C. P. Clarke, 69, who
passed away suddenly at his home
in the Vaile apartments, 315 1/2 North
Lincoln Highway at 8:30 o'clock
Thursday morning from a heart
attack, will be held at the Pres-
byterian church at 2:00 o'clock
Saturday afternoon. The Rev.
Frank A. Campbell, pastor, will
officiate and burial will be in
Walworth, Wis.

Dr. Clarke was born in Wal-
worth Aug. 4, 1863, the son of
Oliver Perry and Lucinda Clarke,
and after graduation from Milton,
Wis. college and medical school,
he began the practice of medicine
which he continued until his
death, in Walworth. After ten
years of practice in his native
city he moved to Mississippi and
later to Janesville, Wis., where at
the outbreak of the World war he
enlisted in the army medical
corps, serving overseas.

After the war he located in
Waterloo, Iowa for a time, com-
ing to Rochelle from there eight-
teen years ago.

He is survived by two sons,
Charles of Milwaukee and Harry
of Los Angeles; a brother, Milton,
of Walworth, Wis.; a sister, Mrs.
G. E. Dangerfield of New Auburn,
Wis.; two grandchildren and sev-
eral nieces and nephews. His
wife, the former Henrietta Zache,
passed away three years ago to-
day.

Dr. Clarke was a member of
Rochelle post, American Legion.

CARLOS H. AMBLER

Mendota, May 1.—The funeral
of Carlos H. Ambler, 63, who
passed away at the family home
at 6:15 o'clock Thursday morning
after a long illness, will be held
at the Merritt funeral home at
2:00 o'clock Saturday afternoon,
followed by burial in Restland
cemetery.

Mr. Ambler was born June 6,
1879, a son of the late Carlos and
Frances E. Arms Ambler in the
Ambler homestead, where four
generations have made their home
since 1872.

Mr. Ambler lived in the home-
stead with the exception of eight
years, when he farmed elsewhere.
He was married to Miss Madge
H. Allen, in Princeton, Jan. 15,
1910.

Surviving are his widow; one
daughter, Mrs. Orea L. Walker,
Chicago; two sons, Carlos and
James Ambler; two grandchil-
dren, James W. and Madge R.
Ambler; and one sister, Mrs. John
J. Buck, all of Mendota.

A MESSAGE FROM THE SECRETARY
OF THE TREASURY

TO THE PEOPLE OF ILLINOIS:
This week a new campaign for the sale of War Bonds and Savings
Stamps is under way throughout the Nation. It is the War Bond Quota
Campaign.

It is urgently necessary that you double the rate at which you
are now buying War Bonds and Stamps. This will mean the sale direct
to individual Americans of War Bonds and Stamps to the amount of not
less than one billion dollars every month.

One billion dollars a month is the National quota. It is equal
to one-tenth the combined incomes of all Americans.

This money is needed to buy the tools of war for your fighting
forces. It will not pay for all of them. Our war expenditures now
are at the rate of about FOUR BILLIONS a month, and they are growing
daily. But a billion dollars a month direct from the people will
make all-out production possible. Without it we cannot do our best,
without it we cannot put forth our full effort.

It is desperately needed for another reason. We can't fight a
war and at the same time live and spend as usual. There are not enough
goods to go around—the things we buy with money. If we go on spend-
ing at the 1941 scale, we'll be robbing the fighting men to add to our
own comfort or pleasure. We'll be driving up the cost of living for
all of us. We'll be imposing dire hardships on our neighbors.

What is asked of you is ten per cent of your earnings—a little
for Liberty. It is not a tax; it is not even a contribution; it is a
loan at interest, for your use and protection later.

Your Government asks you to cut down your expenditures, TO SAVE—
your boys on the firing line and in the training camps, through your
Government, ask you to save so that they may have what they need to
win THIS WAR for you—America asks you to save; TO SAVE TO WIN THIS WAR
to buy War Bonds and Stamps up to not less than ten per cent of your
income.

Is Liberty worth it? Is Democracy worth it? Is America worth it?
I think I know your answer.

Sincerely,
H. Morgenthau, Jr.

Kermit Roosevelt is
Patient in Retreat

Hartford, Conn., May 1.—(AP)—
(AP)—Kermit Roosevelt, 52-
year-old son of the late President
Theodore Roosevelt, has entered
the Neuropsychiatric Institute of
the Hartford Retreat for a four-
month course of treatment under
a voluntary agreement reached in
Probate court here.

The former explorer and ship-
ping president entered the insti-
tute yesterday after a partial
hearing before Probate Judge
Russell J. Johnston during which
his brother, Archibald B. Roosevelt
of Cold Spring Harbor, N. Y.,
sought to have him committed
for a year.

Kermit Roosevelt testified that
he was playing cards at a rest
home in Bernardsville, N. J., on
April 22 when his brother, a doc-
tor and two ambulance attendants
"rushed in," seized him forcibly,
bound him to a stretcher and
drove him to Hartford in an am-
bulance where he signed a volun-
tary commitment paper "under
duress."

Roosevelt joined the British
army at the beginning of the war,
but resigned his commission as a
major about a year ago.

SIXTH ANNUAL BELOIT COLLEGE RELAYS TODAY

Beloit, Wis., May 1.—(AP)—A field without any marked favorite—just like the Kentucky Derby—went into the sixth annual Beloit college relays today.

Four hundred trackmen from 32 middle west schools were entered in the preliminary events this afternoon. Finals will be run tonight. Grinnell, defending champion, was not represented this year because of war transportation difficulties, leaving the race for the team title wide open.

At least six college teams rated a good chance were Lawrence, Knox, Cornell, North Central, Beloit and Monmouth. Athletes from Great Lakes and Camp Grant were entered, includ-

ing Roy Cochran, Great Lakes star who recently bettered the world 440-yard low hurdle record. He was entered in a special 600-yard race against Max Lenover, Loyola University of Chicago star.

Experts Label Devil Diver as Winner of Derby Roses

Sticklers Still Insist That Alsab Will Lead Field

Twenty-Six Turf Writers Vote For Favorite Ponies

Louisville, Ky., May 1.—(AP)—In spite of determined opposition from a strong Chicago bloc rooting for Alsab, its home-town boy, the press box experts today picked Devil Diver to win Saturday's Kentucky Derby.

Of 26 on-the-scene turf writers and broadcasters who balloted in the annual Associated Press poll ten chose either Devil Diver or the Greentree Stable entry of the Diver and Shut Out.

Surprisingly enough, although Alsab has been beaten in his last seven races he got the "place money" with six voting for him to win, three of them from the home-town of his owner, Al Sabath.

If the ballots were decided on a basis of three points for a first place vote, two for a second and one for a third, however, Alsab would finish only third in the race behind Texas-owned Requested, 35 points to 20. Requested drew only four first-place ballots but polled nine for second and five for third.

The rest of the "win" selections were scattered with the Colorado contender, with Regards, getting three, stretch-running Sweep Swinger two, and Sun Again one.

Registering Begins
Two of the longest longest contenders for this year's Kentucky Derby—Mrs. Ethel V. Mars' Dogpatch and Mrs. Barclay Douglas' Fair Call—were the first in the box today when the Churchill Downs secretary's office opened to receive entries for tomorrow's big race.

Herb S. (Country) Cuttriss, a jockey's agent, did the honors for trainers Roy Waldron and Arthur Fletcher at 7:20, first signing the entry slip for the Chicago-owned Dogpatch, who will be scratched if it comes up mud tomorrow.

The generally accepted entry to beat in order to win the first place money tomorrow—Mrs. Payne Whitney's Devil Diver and Shut Out—were next to enter. Stable agent Bill Whitney placed the entry, with Eddie Arcaro as the jockey aboard Devil Diver after several days of indecision and Wayne Wright on Shut Out.

Due to the leg injury he suffered last week, Devil Diver's equipment was listed to include bandages as well as whip and blinkers.

Lex Wilson, trainer for the horse generally regarded with the best chance of any long shot, personally entered Sweep Swinger, owned by T. D. Buhl of Detroit.

Fairy Manah, only son of Man O' War likely to be in the race, was the sixth horse to enter.

Tom Driscoll, assistant to trainer Sunny Jim Fitzsimmons for the big stable of William Woodward's Belair Stud, then brought in the entry of Apache, the big, good looking son of Alcazar who was one of the choices for the Derby until he faded badly in the Wood Memorial at Jamaica.

Ohio State and Michigan Still Lead Big Ten Nines
Chicago, May 1.—(AP)—Ohio State and Michigan carried their unmarred Big Ten baseball records into Indiana today with the view of continuing their Conference leadership at the expense of second division foes.

The Buckeyes' opponent for today and tomorrow was Purdue, beaten three times in four games. The Wolverines moved in on Bloomington for a pair with Indiana, trounced five times in six starts. Ohio State and Michigan have identical marks of two wins and no losses.

Illinois, tied with Iowa on the basis of 5 and 1 records just behind the leaders, opposed Wisconsin's Badgers, who had not previously tasted Big Ten competition. The Hawkeyes were hosts to Chicago, losers of 23 straight over three seasons of league play and already beaten four times in the current campaign.

Northwestern, with a 2 and 2 rating, went to Minneapolis for week-end games with the Gophers, who have lost their only two conference tests.

Derbytown Takes on Glitter and Thrill of Race

Louisville, Ky., May 1.—(AP)—Derbytown began to look more like itself today as the butcher, the banker and the candlestick maker streamed into this horse-mad Ohio river city for the 68th running of the Kentucky Derby.

Although there was a decided increase in the tempo of arriving trains, buses, airplanes and automobiles, there were indications that the crowd for tomorrow's \$75,000 classic at Churchill Downs probably would not come up to those of pre-war derbies. In lieu of an official announcement attendance has been estimated from 60,000 to 100,000 in recent years.

But a few thousand persons either way won't make much difference in the appearance of the huge Downs plant when the band strikes up "My Old Kentucky Home" and the pick of the nation's three-year-olds starts the parade to the barrier at the head of the stretch at 5:30 p. m. (Central war time).

Derby prices went into effect throughout most of the city today but that made no difference to the outsiders. Their pockets were bulging with folding money auguring well for shattering the parimutuel record of \$2,096,613 established in 1926.

With a field of 17 expected to be named through the entry box today, visitors and natives alike had one common question—"Who's your Derby choice?" The taxi driver asked it as you climbed into his car. The barber sprung it as he took off yesterday's growth of whiskers. Bootblack and bartender sought the same information.

For the most part the answers either were Mrs. Payne Whitney's power-house entry of Devil Diver and Shut Out, Ben Whitaker's well-conditioned Requested, or the Texas combination of Valdina Orphan and Hollywood from Emerson Woodward's Valdina farm.

Here and there, mostly from his home sector, good word was spoken for Al Sabath's Chicago-owned Alsab, the 1941 juvenile champ that has yet to win a race this year.

Sweep Swinger, a skinny, lanky colt from T. D. Buhl's Detroit barn, was liked by others, as were Pinkie Grimes' With Regards, winner of seven straight races, and Warren Wright's Sun Again.

Wright and Trainer Ben Jones apparently had made up their minds to start Sun Again, second to Valdina Orphan in the Derby trial, for they refused to give Wendell Eads permission to ride Mrs. Barclay Douglas' Fair Call.

All the others were lightly regarded, including William Woodward's Apache, the colt that slid downward in the books after failing in the Wood Memorial at Jamaica. Ellwood B. Johnston indicated he would boost the field to 17 by entering first prize, which finished third in a six and one-half furlong dash yesterday.

Sports Roundup

By HUGH FULLERTON, JR.

World Wide Sports Columnist

New York, May 1.—(AP)—Lat-

est report from Louisville is that if there's a "sleeper" in the Derby this year he must still be asleep . . . Probably the only reason the 700 newspapermen who are down to cover the race haven't made 700 different selections is that there aren't that many horses in the race . . . Our informants offer Sweep Swinger and Apache as their feed-box specials but we can't help wondering if there weren't some reason the Texas folks were pouring their dough into the future books on Hollywood. Those Irish horses are bred for distance and from here it seems that a mile and a quarter may be a long way for some of the Derby nags to travel . . . Eddie Arcaro definitely has selected Devil Diver as his mount . . . Whirlaway will stay at the Downs long enough to pay his respects to the winner and then will be shipped to Pimlico Sunday to run in the Dixie.

TODAY'S GUEST STAR

Wilton Garrison, Charlotte (N. C.) Observer: "The July 7 game between the major league all-stars and the All-Service team is a long way off. Plenty of time to do some drafting."

SPORTPOURRI

Fred Apostoli had to cancel to-morrow night's fight with Buddy O'Dell at Ridgewood Grove because the navy wouldn't give him leave. A lot of other service fighters probably will be finding it hard to get away from their posts from now on . . . Charley Gehring, erstwhile strong, silent man of the Tigers, has surprised everybody by turning into a regular chatterbox on the coaching lines.

ODDS—AND SOME ENDS

Edwin (G-man) Atherton, the Pacific Coast conference commissioner who last week ruled Bill Sewell of Washington State ineligible for baseball because he played with an independent team in the A. A. U. basketball tournament, now is touring the colleges asking why freshman athletes picked one school instead of some other . . . Alsab is the only nag at Churchill Downs that was provided with a wire screen to keep the public back from his stall and so far there hasn't been much public to keep back . . . Notre Dame's footballers will play a regular schedule next fall instead of merely acting as stooges for the varsity.

FIGHTS LAST NIGHT

When Col. Jake (After Dinner) Mintz, the Pittsburgh matchmaker who was a trifle annoyed when Abe Simon called off that fight with Harry Bobo, showed up late for a dinner the other night, he apologized: "You'll have to excuse me. I've been down at the railroad station waiting for Simon to show up."

Braves Put Final Touch on Cubs in The Final Frame

Chicago, May 1.—(AP)—Home runs by Buddy Grempp and Ernie Lombard enabled the Boston Braves to beat the Chicago Cubs, 3 to 2, behind the five-hit pitching of Jim Tobin, who turned in his third victory of the season.

The Braves made eight hits off Claude Passeau.

Grempp homered in the fifth and then drove in Sisti with the Braves' third run in the ninth with a double. Lombardi hit one out of the park in the sixth to give the Braves their other run.

Dominic Dallaseandro provided the Cubs' second run in the ninth with a home run. Lou Stringer scored the Cubs' first run in the fourth after a triple. Box score:

The Dolph Plasters Out Four Homers In Three Games To Aid Dodgers Hold On National Loop; Indians Win Again

Yankees Get Back Into Second Place But Lose 'Flash' Gordon With Back Injury; Sox Are Shut-out by Nats; Braves Scalp Cubs 3 to 2

(By Associated Press)

There was quite a ruckus about Dolph Camilla during the winter, most fans will remember. By accident or design the Brooklyn Dodgers obtained waivers on the stocky slugger who led the National League in 1941 in home runs and runs batted in and was voted the most valuable player.

Perhaps fearing a holdout struggle and feeling that Camilla had reached his peak, President Larry MacPhail of the Dodgers discussed deals for him with the New York Yankees and both Boston clubs. A trade might have been made, too, if the New York Giants hadn't bought Johnny Mize from the St. Louis Cardinals before MacPhail made up his mind whether he wanted him or not.

Now there is another rumpus going on around Camilla—only this time the veteran first baseman is causing it himself, with his big war club.

After being ill for five days and out of uniform, Camilla returned to the lineup this week in Brooklyn's important series with the Reds and hit four home runs in three games to help the Dodgers sweep the slate and run their spring surge to 14 victories in 17 games.

Yesterday the Dodgers were trailing 8-6 at the end of five innings. In the sixth Camilla hit his fifth homer of the season. In the eighth he singled the tying run across and in the ninth again homered, this time with two on, to win the game 11-8.

The Dodgers also moved to bolster their pitching yesterday by buying Schoolboy Rowe from Detroit for a price estimated at \$15,000. The big fellow had started only one game for the Tigers this year and won it.

Cleveland continued to burn up the American League by crushing the Philadelphia Athletics again 6-1 to extend its winning streak to 11 games.

Sox Shut Out; Cubs Lose
The New York Yankees regained second place by bouncing on the St. Louis Browns 3-0 behind the four-hit hurling of big Ernie Bonham, who racked up his second shutout and third straight triumph of the young season. Joe Gordon was out of the champs' lineup for the first time since April 25, 1939, ending a string of 471 American League games, because of a pulled muscle in his back.

Earl Wynn pitched the Washington Senators to a 1-0 decision over the Chicago White Sox in a breathless mound duel with old Ted Lyons. The latter allowed only four hits to Wynn's five, but one of the Nationals' singles was a triple by Stan Spence in the first inning and he came home on an infield out. It was Chicago's seventh straight loss.

The Boston Red Sox raided the Detroit Tigers 8-3 with Dick Newsome pitching six-hit ball and Ted Williams shaking his slump for a homer.

Howie Pollet, southpaw sensation of the National League when he came up last August, captured his first 1942 victory with a four-hit effort that brought the St. Louis Cardinals a 7-3 verdict over the New York Giants. Pollet himself drove in three runs.

The Phils backed up Frank Hoerst's nine-hit pitching with four home runs by Dan Litwhiler,

to draw the conclusion that perhaps Hitler is being forced to abandon his idea of fully coordinating the efforts of the European axis and the Japs. There can be small doubt that Nippon is bent on feathering its own nest and that it has no intention of playing Hitler's game excepting as it is of benefit to Japan.

The axis conferees announced the "stern determination of Germany and Italy to insure final victory by all means in their power". That means Germany's stern determination, of course, and it should be said at once that it isn't a thing to be brushed lightly aside by the allies. The great Hitlerian war machine is terribly dangerous.

A fair answer to this declaration comes from Premier Stalin of Russia in his May Day order of the day to his nation. The Red leader declares that the soviet, with aid from America and Britain, must and can make 1942 "a year of final defeat of the German fascist armies".

That is mightily encouraging talk, but the thing which strikes me most forcibly in Stalin's statement is that Russia has become stronger since the invasion of 1941. Now that is of vast importance, for we had been waiting anxiously to learn whether the Reds had been weakened as the result of the devastating onslaught of the Germans in the early days when so many vital war industries and other resources were lost to the Bolsheviks. It must be assumed that the Russians have made great strides in increasing their industries behind the Urals, and we do know that the United States and Britain now are hitting their stride in providing the soviet with essential war equipment.

Stalin says that while the soviet has become stronger, Germany has weakened. Of nazidom's position the Red leader says:

"Human reserves are running out. Oil is running out. Raw materials are running out".

That is the story as professional observers know it too. Hitler's resources are running low, and Italy is in bad shape.

Still, even though Russia has grown stronger while Germany has grown weaker, I think we must see these two great fighting machines in action this summer before reaching any final conclusion as to their relative strength. We are facing probably the greatest and bloodiest battle of all time, and it would be a terrible mistake to underestimate the strength and military skill which Hitler presumably can

War Catches Up With Ice Cream Industry

Washington, May 1—(AP)—With hot weather just setting in, the war caught up with ice cream industry today.

The War Production Board, in general instructions issued as conservation measures, limited manufacturers to 20 different flavors of ice cream and two flavors of sherbert or ices, and prohibited sales of more than two flavors a month in 5-cent cups.

The board also asked butter producers to cooperate in plans for purchasing cream only three days a week in any one area.

Only two grades of ice cream may be manufactured in any one state, the instructions said, with not more than 10 flavors produced in either grade. Production of novelty ice cream was limited to five types or flavors each month.

Butter producers were forbidden to pack half and quarter pounds in cardboard, and one wrapping was prescribed for all butter sold at retail.

The industry also was told to discontinue the use of advertising circulars and inserts in retail packages.

ress, attacking 12 times yesterday, but American gunners shot three raiders from the sky and damaged two others. Corregidor's big guns again pounded the enemy, scoring hits on Japanese shore batteries, truck columns and supply dumps. No change was reported on Mindanao or Panay islands, in the southern and central Philippines.

3. In the battle for the approaches to Australia, allied warplanes bombed and machine-gunned 30 Japanese planes lined up on an airfield at Lae, New Guinea, and shot down three Japanese fighter planes which attempted to intercept an attack on Salamaua, 20 miles south of Lae.

"Our losses were slight," Gen. MacArthur's headquarters announced, terming the operation "a brilliant attack".

CAPITAL SPECULATES

Washington, May 1—(AP)—Reports of a concentration of Japanese warships and troop transports among the Marshall islands in the South Central Pacific gave rise to speculation in informed quarters today that a major thrust against the American supply line to Australia was imminent.

The island of Jaluit, center of the area in which the Japanese apparently are concentrating, is but 1,500 miles north of New Caledonia, where American troops landed recently to join forces with the Free French. An equal distance to the southeast lies American Samoa, and 2,100 miles to the northeast is Hawaii.

Because of this strategic location, experts said, the Japs would be able to move in any of three main directions or they could try a series of feints in an effort to test American strength and then strike with full force wherever conditions appeared most favorable.

Ponder Jap Strategy

First indications of what seems to be the latest development of Japanese strategy were given in dispatches from Australia recently saying that the enemy was gathering ships and men in the mandated islands area. These reports were linked here with the disappearance of powerful Japanese naval units from the Bay of Bengal, off India, about a week ago.

Informed quarters suggested that those units, having carried out a purely raiding and reconnaissance mission against the British there, had been with-

drawn eastward in preparation for an attempt to sever the vital sea route between Australia and this country.

Australia rather than India, as these authorities see the situation, is Japan's primary military problem at this time and since the rapid increase of American forces in Australia probably would make a frontal assault too costly even for the Japanese to contemplate, their logical move would be to attempt a blockade.

The strategy of the American high command in anticipation of just such a move began unfolding as long ago as last January, when a task force swept into the Marshall and the adjoining Gilbert islands, laid waste numerous base installations, sank 16 ships and wrecked 41 planes at a cost of 11 American scout bombers.

of the Italian soldier to withstand the rigors of winter warfare on the Russian front.

Other major developments in the European war theater included:

Other Developments

1. In German-occupied Belgium, 250 persons were killed and 1,000 wounded in a chemical factory explosion at Tessenderloo, 30 miles northeast of Antwerp. The Free Belgian news agency in London reported a series of explosions and fires had caused heavy damage to factories and mines in Belgium during the past few months.

2. In aerial warfare, Britain's great "help Russia" offensive tapered off to reconnaissance flights overnight after eight straight nights of tempestuous blows at German war-nerve centers.

Eleven nazi bombers were reported shot down over England and France.

German night raiders heavily attacked the port of Sunderland (pop. 200,000), 260 miles north of London, inflicting some casualties. 3. On the Russian front, Hitler's field headquarters reported that tank-led Soviet attacks were beaten off and declared that "local offensive operations straightened our lines".

The nazi lines were under the heaviest pressure in four key sectors—around Staraya Russa, 130 miles south of Leningrad; near Smolensk, some 200 miles west of Moscow; at Orel, 200 miles south of Moscow; and at Kursk, 80 miles below Orel.

A Russian army officer, Maj. Gen. M. Zakharov, declared that relentless Soviet attacks on the central (Moscow) front had wrecked Hitler's plans for a spring offensive, but he warned that the Germans were moving up reserves for an attempt at counteraction.

gas. It was reported equipped with modern machinery at which about 1,000 persons worked when Belgium was free.

Since the coming of the Germans, the Belgian agency said, production has been increased under German direction. Tessenderloo is 30 miles southeast of Antwerp, in Limbourg province.

Much shortage has been reported in this region, mostly credited to the secret armed organization, the "White Brigade" seven of whose members were sentenced to death a week ago.

Stalin Pleads For

of other peoples", but added that the only way to win the war was to smash the invaders to the last man if they did not surrender.

"We must do this at any cost", he stated.

As he spoke, military reports told of new soviet successes.

New Red Successes

Besides the announced slaughter of 1,300 Germans on the central and Kalinin fronts, extensive guerrilla activities in the Crimea were declared to have cost the Germans and Rumanians 800 dead. Twenty-five Rumanians joined the guerrillas in attacking a food depot, Crimean reports said. The partisans were reported so well organized they now were publishing a paper, "The Crimean Guerrilla".

Stalin blamed imperialist agents of "German bankers and plutocrats" for the struggle; named Hitler, Reichsmarschal Hermann Wilhelm Goering, Foreign Minister Joachim von Ribbentrop, Henrich Himmler and other rulers of present-day Germany as "the watchdogs of the German bankers".

The premier-defense commissar, who directed the successful defense of Moscow and ordered the soviet winter counteroffensive launched five months ago, asserted that Germany had weakened while "our country has become stronger" since the invasion June 22, 1941.

"War has brought to the German people great disappointment, millions of human lives sacrificed, hunger and impoverishment", Stalin said. "Human reserves are running out. Oil is running out. Raw materials are running out".

Nazi Rear Weakened

Recognition by the people of "the inevitability of Germany's defeat", sabotage and guerrilla warfare were said to have weakened the nazi rear while Hitlerian purges, battle casualties and restriction of reinforcements seriously affected the invading troops.

"The German army", Stalin said, "is an army of medieval darkness, called upon to destroy European culture in order to institute the slave-driver culture of German bankers and barons".

He said the German fascists had been represented as nationalists defending the integrity of Germany from attacks, as socialists seeking to defend the interests of the working people, as the bearers of European culture.

Of each idea he said: "This, of course, is a lie".

Sees Reds Saving World

"The peoples of all freedom-loving countries are looking to the soviet union as a force which is capable of saving the world from the Hitlerite plague", Stalin went on.

"Among those freedom-loving countries the first place is occupied by Britain and the United States of America, with whom we are connected by ties of unity and friendship, and who are giving our country more and more military assistance against the fascist invaders".

Soviet thrusts upset the Germans' hope to use winter for respite, forced them to expend reserves meant for spring and summer operations and shattered "that idle talk about the invincibility of the German army", Stalin said.

The premier declared Red army troops had become "fiercer and more merciless" as a result of German treatment of military prisoners and civilians and reported disappearance of "the complacency and lack of responsibility with regard to the enemy which was found among the men in the first month of the war".

Stalin issued a five-point memorandum charging all fighting men to master their weapons and strategic duties and urged guerrillas in occupied territories to "spare no bullets against the invaders".

Chicago Has 3 Extra Alarm Fire This Morn

Chicago, May 1—(AP)—Three extra alarm fires which broke out within a period of 12 minutes in widely separated locations taxed nearly half of Chicago's fire fighting equipment early today.

Between 3:36 and 3:48 a. m. alarms were sounded for fires at the Majestic Woodworking Company on the near north side, the aircraft parts division of the Pullman Standard Car Manufacturing Company on the far south side, and a restaurant on the south side.

A high wind hampered firemen but the three blazes were extinguished within three hours. Fire department officials estimated the total loss at about \$160,000.

The Pullman Standard buildings damaged were being remodeled and apparently no aircraft manufacturing work was in progress at the time Fire Commissioner Michael J. Corrigan estimated damage in the woodworking company fire at \$100,000.

In 1880, James A. Garfield was a United States representative, a senator-elect and a president-elect.

Forgery losses in 1928 were estimated at \$200,000,000.

Rockford Women on Taxis—Rockford, Ill., May 1—(AP)—Women taxicab drivers called for passengers at Rockford railroad and bus stations today. Unable to get men, a cab company advertised for experienced women drivers. Fifty-one applied. Mrs. Monty B. Bird, president of an oil company, said she would train women to be "grease monkeys" at filling stations.

250 Sugar Permits Issued—A total of 250 sugar permits were issued Tuesday and Wednesday by the registration board at the Dixon high school to applicants in Lee county, according to County Rationing Chairman William Slothower today. The board issued permits to 72 retailers and wholesalers and 136 permits were issued for institutional and industrial users, a total of 250 permits of all classification being issued during the two days.

Brought Here for Hearing—Sethy "Buck" Smith, amateur boxer, and Isaac Louis Berry, alias, "The Squirrel", two Chicago Negroes, were brought to the Lee county jail from Sycamore last evening by Sheriff Gilbert Finch and Deputy Leroy Bates. They were to be arraigned before Justice J. O. Shaulis this afternoon on charges of obtaining money by means of a confidence game. A third Chicago Negro who was apprehended in DeKalb county Tuesday night, was released at the Sycamore county jail. Kenneth Knudson, Steward implement dealer, was the victim of the short change operation about 5:30 Tuesday afternoon.

Service Emblems Free

Parents of young men who are serving in any of the branches of the army, navy, air corps or marines and who reside in Lee county are eligible to receive one of the Illinois service emblems upon application at the Evening Telegraph office. Through the courtesy of Representative Dennis J. Collins, a supply of these attractive service emblems has been obtained from Governor Dwight H. Green and they have been placed at the Telegraph office for distribution to families of Lee county who will call and make their request. Every home in Lee county from which a member is serving in the armed forces should take pride in displaying one of the emblems which are furnished without charge.

Details of Death of Gen. George Revealed

Allied Headquarters, Australia, May 1—(AP)—Brig. Gen. Harold H. George of the United States Army Air Corps and Melville Jacoby, Time and Life magazine correspondent, were killed at an advanced airbase when struck by a fighter plane which got beyond control as it was taking off, allied headquarters disclosed today.

Their deaths were announced yesterday when it was stated the accident occurred Monday.

Gen. George and Jacoby were about to board another plane when the fighter craft crashed into their party, the official announcement said.

Funeral services for Jacoby were held today at a Melbourne crematorium. More than 30 American, British and Australian correspondents and a group of United States Army officers were present.

Single Torpedo Sends Small Ship to Bottom

Lewes, Del., May 1—(AP)—Blasted by a single submarine torpedo, a small freighter sank within five minutes of the Atlantic coast Tuesday and apparently carried six men to their deaths, the Fourth Naval District announced today.

Thirty-seven of the crew of 43, including the master, were rescued by a navy craft after drifting two hours in a lifeboat. The survivors were landed here, four suffering minor injuries.

The ship's 35-year-old chief officer said the undersea raider attacked without warning about 9:30 a. m. Some of the missing were believed carried under by suction, after leaping from the sinking ship. Others were "killed below" when the torpedo crashed into the starboard side.

Bill Boosting Pay of Men in Service Reported to House

Washington, May 1—(AP)—Viewed by many as a forerunner to the induction into the armed services of men with dependents and government payments to their families, a bill hiking the pay of lower-paid service men was sent to the house today by its military committee.

As approved by the committee late yesterday, the measure would double the pay of buck privates and apprentice seamen, give service nurses substantial increases, and boost the base pay of officers and non-coms from corporals up to and including second lieutenants and ensigns. A buck private would get \$42 a month, and a second lieutenant's base pay would be boosted from \$1,500 to \$1,800 a year.

While the bill grants no base pay rises for higher grade officers, it would increase their total compensation by upward adjustments of subsistence and rental allowances and modifications of longevity pay regulations.

The total estimated cost to the government, based on January 1, 1942 figures, would be \$282,414,221 annually.

With one substantial change, the bill followed the general pattern recently approved by the senate. The alteration, made on motion of Rep. Faddis (D-Pa.), inserted a ban against the issuance of commissions to untainted civilians.

Affecting primarily the army and the navy, the legislation applies also to the marine corps, the coast guard, the public health service and the coast and geodetic survey.

Militia Company to Be Organized Soon at School for Boys

Will Prepare Youths for Service in Nation's Military Units

St. Charles, Ill., May 1—(AP)—Officials of the Illinois State Training School for Boys said today a special militia company would be organized at the institution to train youths over 18 years old who want to enlist in the army, navy or marine corps.

Russell W. Ballard, managing officer, said that 67 youths from the institution for dependent and delinquent boys had enlisted in the nation's armed forces between July 1, 1941, and April 1. At least 60 others, he said, were being organized in the militia company preparatory to enlisting.

The project received the support of State Welfare Director Rodney H. Brandon, who said the military training program for those able to meet requirements would be similar to that in regular army camps. Wooden guns will be used for drilling, however.

The youths will be outfitted with the blue uniforms discarded by the Illinois Reserve Militia when they received regulation olive drab uniforms. The St. Charles school company will not be affiliated with the Illinois Reserve Militia, Adjutant General Leo M. Boyle said, but reserve militia officers will be available for special instruction.

Some Anxious to Fight
"There are boys at St. Charles who are anxious to fight for our country and will make good soldiers," Brandon said. "Boys selected for the militia company will lead a soldier's life at the school and the special training should be of great benefit when they enlist in the army, the navy or the marine corps."

The military training program will be conducted by Sgt. Ben Harris, an employee at the institution.

Tentative plans call for construction of barracks apart from other buildings at the school and Ballard said that the youths would get experience in camping in tents. A few rifles and possibly a machine gun will be borrowed from nearby American Legion posts for instruction purposes, Ballard said.

Rockford Lumber Firm Has \$100,000 Blaze

Rockford, Ill., May 1—(AP)—Fire destroyed 750,000 feet of dried lumber at the Weiman Company furniture plant yesterday. The loss was estimated at \$100,000 by Fire Chief Thomas D. Blake.

Homer Grossman, president and manager of the company, said 250,000 feet of the destroyed lumber was mahogany which could not be replaced.

Blake said the fire apparently was started by sparks from a switch engine.

Berve Is Without Known Opposition for Chairmanship

Springfield, Ill., May 1—(AP)—Ben L. Berve of Rochelle sought re-election as Republican state chairman, apparently without opposition, as the party central committee met to organize today in connection with a perfunctory meeting of the GOP state convention.

Democrats also convened their state convention perfunctory in compliance with the law requiring both party meetings to be held on May 1. The conventions were to be recessed until later dates, at which time they will adopt the fall campaign platforms and nominate candidates for three University of Illinois trusteeships.

Vice-Chairman John F. Tyrrell of Chicago said all the present officers of the Republican state committee would be candidates for new terms, and that he knew of no opposition to their re-election. Clement A. Nance of Chicago is secretary and George R. Perrine of Aurora, treasurer of the committee, the latter post being filled by appointment.

To Set Convention Dates
The committee's organization meeting was scheduled to take place after the party convention is opened at the Abraham Lincoln hotel.

Dates and sites of the full Republican and Democratic conventions still were uncertain. Expectations were they would be held in late summer or early fall.

Tyrrell said that Rockford, Peoria and Decatur all are bidding for the Republican meeting, but inquiries are being made as to the availability of the state fairgrounds coliseum here. A convention committee may be chosen today, he said, to select the site.

Arthur A. Sullivan of Chicago, Democratic state chairman, headed a delegation of party leaders coming here for the Democratic convention.

Plan Proposed to Cut Cost Judicial Polls

Chicago, May 1—(AP)—Plans to cut the cost of the June 1 judicial election, in which five Supreme court judges will be named by voters in 78 of the states 102 counties, will be submitted to the Springfield and Danville election commissions for approval. County Judge Harlington T. Wood of Springfield, president of the Association of Election Commissioners of Illinois, announced after a conference yesterday.

The plan involves consolidation of precincts for the election to cut the number of polling places in the Third (central Illinois) district where Justice Walter T. Gunn is unopposed.

In the Seventh (Chicago metropolitan district), where Justice Francis Wilson is unopposed, plans were made to combine the 216 precincts outside the city of Chicago into 47 voting areas. In Cook county, outside the board's jurisdiction, it was planned to have 549 precincts consolidated into 35 voting areas.

Justin W. Dart Is Named President of Liggett Drug Corp.

Chicago—Justin W. Dart has been elected president of Liggett Drug company, major retailing unit of United Drug, Inc. Dart, formerly general manager of the Walgreen company, Chicago, resigned that position last October.

He succeeds William M. Berg, president of Liggett for the last two years, who also has been president for several years of the Owl Drug company. Berg will now devote his full time to management of this west coast unit of United Drug.

Also Gets United Drug Post

Dart also has been elected a vice president and a director of United Drug, Joseph A. Galvin, president of United Drug, announced. William F. Davis, a vice president, also was named to the United Drug board of directors. Dart and Davis recently completed an exhaustive survey of the United Drug system.

Dart, who is 34 years old, rose rapidly in the Walgreen company after his graduation from Northwestern university in 1929. He first was employed in the stockroom of one of the Walgreen units in Chicago. He was in charge of operations for all Walgreen retail stores from 1932 to 1939, when he was made operating head of the entire company.

MENDOTA

Honor Soldier

Pvt. Fred Gustavson, Camp Forrest, Tenn., is a guest at the home of his sister, Mrs. William Piller. His mother, Mrs. Myrtle Baker, is also a guest at the Piller home this week.

Sunday guests were Mr. and Mrs. George Piller and family, Wedron; Charles Gustavson, Leland; Mr. and Mrs. Roland Scheidhelm, Mr. and Mrs. Elmer Simpson, son Leslie, Mr. and Mrs. Antoine Piller and family, Mr. and Mrs. Francis Harvey and family, Mrs. Myrtle Baker, sons, Claude and Donald and Mrs. Frank Fox and family, all of Mendota.

A basket dinner was served at noon. Pvt. Gustavson will leave for camp Saturday.

CDA Communion Sunday

St. Monica Court, CDA, annual communion day service will be held Sunday at Holy Cross Catholic church at 7 o'clock mass. A breakfast will be served at Hotel Faber, following the services. Anyone wishing to make reservations may call Mrs. Arthur Landgraf.

Harris Hospital

Mrs. Sarah Bonnell submitted to minor surgery Wednesday. Mrs. Mary Lant, LaMoille, submitted to major surgery Thursday.

Promotion

At a meeting called by Postmaster Etta Lutz Wednesday afternoon, Miss Prena Rhea, rural mail carrier, for the past 23 years, was promoted and transferred to Grand Ridge. She will start her new route Friday, May 1.

The four rural routes in the Mendota territory will be consolidated. Oscar Wideman will carry route one, William Ashley, route two, and Jack Faber, route three.

Personals

Mr. and Mrs. Frank Moore and Pvt. Darwin Moore expect to be guests Sunday at the home of Mr. and Mrs. H. Brannenberger, Seneca.

Howard Fahler, Champaign will spend the week-end at the home of his parents, Mr. and Mrs. Harry Fahler.

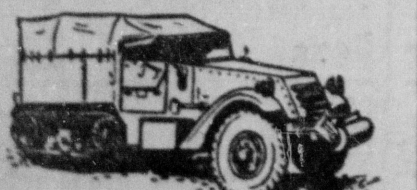

Mr. and Mrs. Amel Fisher and family will move to Rochelle Saturday, where Mr. Fisher has secured employment in defense work.

Pvt. Darwin Moore, who has been stationed at Fredericksburg, Va., for the past year, is a guest at the home of his parents, Mr. and Mrs. Frank Moore, 804 5th ave. He will have a ten-day furlough.

Mrs. Clara Scheidhelm will spend Sunday in Champaign, and will attend Mothers' day services, the guest of her son Louis. Mrs. Bert Hotchkiss expects to visit with her daughter Hope, and will also attend the Mother's day services.

What You Buy With WAR BONDS

To win battles you must get there "fastest with the mostest" today as in the time of the stalwart cavalry leader Bedford Forrest. The half-track is the mechanized cavalry of our army today. It has a truck body and front wheels, powered like a tank.

One of these half tracks costs about \$11,000 and our automotive factories are turning them out by the thousands. But if everybody in your community buys War Bonds your town could easily buy one or more of these tank powered trucks. They are vital to our army. Buy War Bonds every pay day and help beat your enemy quota.

Traveling Around America

HIDING ITS HEAD

ENWRAPPED with snow and half hidden by fleecy clouds Chimborazo lifts its hoary head 20,500 feet above sea level to become the highest peak in Ecuador. This little republic's share of the Andes is heaped up in gigantic folds which disappear in the west into the Pacific lowlands and in the east drop down into the Oriente, which is Ecuador's part of the immeasurable wilderness of Amazonia. Through the heart of this mountain region extends a veritable avenue of sky-towering comes with a longitudinal tableland between cut into sections by transversal ranges. It is on these plateaus that three-fourths of the population is assembled. Here, also, are raised the crops and the animals which feed the population. The mountains, beautiful as they are however, have for centuries practically walled off and isolated the inland cities. For example Quito, the capital and one of the three oldest cities in the Western Hemisphere, was never reached by a railroad until 1908; and the first motor highway to connect Guayaquil and Quito is only now being completed—as part of the Great Pan American Highway system. Airlines were introduced some time ago, and the flight between Guayaquil and Quito is made in an hour and a quarter. Despite the fact, however, that the capital has led a more or less isolated life there have been compensations, as any traveler who has visited Quito on the 24-day cruises to Ecuador will testify. The city, because of its lofty position 9,500 feet above the sea, enjoys a marvelous all year 'round climate even although it lies practically on the Equator; it presents views of more than a dozen of the most dramatic peaks in South America, and it retains to an unusual degree the characteristics of Spanish colonial days.

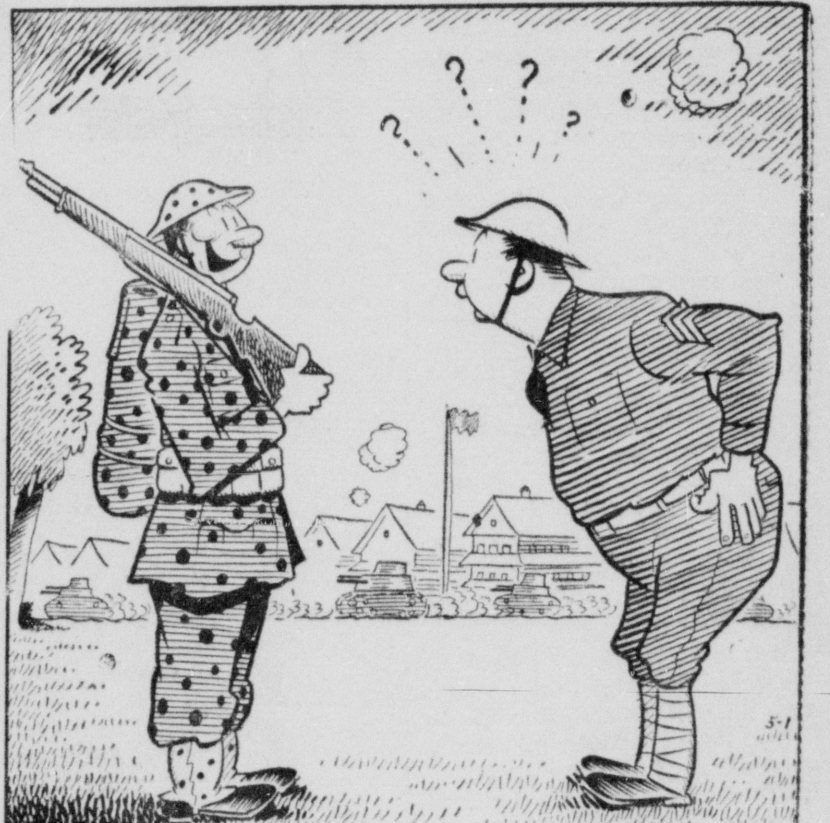

Sales Movie Shown At Victory Classes

A humorous sales movie "The Human Touch" was shown in Ted Case's Victory Sales training classes today. This showed the importance of the proper methods of serving customers, overcoming objections tactfully and knowing what the merchandise will do and what the customer wants. In addition there have been interesting discussions of Good Will, The First Commandment of Retail Selling and the Second Commandment—Know Your Merchandise. Short practical quizzes designed by the merchants of Pittsburgh are used by Mr. Case in his various classes to bring out many detail points. The total enrollment has now crept up to nearly 130. Mr. Case says this compares very favorably with the best record in the state so far, that of Freeport which started with 125 people and closed with 296 after ten days of classes. Late enrollees are still welcome to join by calling Miss Frances Patrick, Secretary of the Chamber of Commerce at 26.

COMPLETES SENTENCE

Waukegan, Ill., May 1.—(AP)—Mrs. Ruth Staley Hunt, 39, formerly of Decatur, was released from the Lake county jail today after serving a fifteen day sentence for drunken driving at the Fort Sheridan gates. A \$100 fine and \$28.50 costs were paid by her attorney, Mrs. Hunt said she would move from Highland Park to Connecticut.

The Mount Morris Girl Scout committee is sponsoring a showing of color pictures taken by Dr. and Mrs. Donald Brown (nee Alice Emmert) during their recent trip to South America. The pictures will be shown at the township hall Friday night, May 8 at 7 p. m. All Girl Scouts, Brownies, their parents and friends are invited to attend.

Nelson Potter came out from Chicago on the Zephyr Wednesday and spent the day with his wife and parents, the Irvin Potters, and Thursday Mrs. Nelson Potter accompanied her husband on a ten-day tour with the Louisville Americans ball team to Milwaukee, St. Paul, Minneapolis and Kansas City. While Mrs. Potter is away son Tommy is staying with his paternal grandparents, and Barbara is in Rockford with Mr. and Mrs. Chester Newberg.

The May meeting of the Mount Morris Woman's club at the Pines state park next Monday evening at 6:30 o'clock promises to be an unusually interesting one. Following the dinner which will be served in the lodge dining room there will be a short business meeting.

Reports of the 13th district convention held at Rock Falls will be given by Mrs. Carroll Boston, president, and the two delegates, Mrs. Etta Rittenhouse and Mrs. Lowell Plum. The will be short summaries of the important highlights of the day. The annual election of officers will also be held. The nominees' names were presented at the April meeting by Mrs. G. S. Powers, chairman of the nominating committee.

A nature lecture, supplemented by films, will be given by Mrs. Alice Hills, park naturalist. Mrs. Hills has earned the reputation of being an interesting and informative speaker, and coming at this time of the year when nature is unfolding its many wonders, should be well received. She has suggested that any who desire should go to the Pines early for a hike before dinner.

1. Board organization.
The high school board of education of Mt. Morris, district 214, organized for the year 1942-1943 on Tuesday, April 14. The following officers were elected: President, August Hanke; secretary, John Dohlen; building and ground committee members, John Dohlen and Gerald Hough; music committee, John Dohlen and Gerald Hough; education committee, Harry Baker and Earl Diehl.

2. Tom Leonard receives scholastic recognition.

Tom Leonard, who graduated from the Mt. Morris high school in the spring of 1941, has been placed on the University of Illinois honor list for this year. Tom has received grades high enough to place him in the upper ten per cent of his class for the first semester's work.

"Honors Day" was established at the University of Illinois in 1925 and the eighteenth annual Honors Day Convocation will be held in the University Auditorium at 10:15 o'clock on Friday morning, May 1st. On this occasion, the university gives public recognition to the students whose scholarship ranks them within the first ten percent of their class. Their friends are cordially invited to be present. The convocation exercises will be broadcast by the University station, WILL, 580 kilocycles.

Tom is to be congratulated for this excellent scholastic record during his first semester at the University of Illinois, as there is always very keen competition from a scholastic standpoint. All of his class-mates and his friends extend their congratulations to Tom.

"All-American Tuesnes" will be given tonight in the high school gym at 8:00 p. m. This is the annual grade school production, and will involve approximately 125 active participants, and numerous "back stage" performers.

As the title indicates, nothing but purley American songs is being used. The program is divided into five main groups, employing junior high school pupils in all but the second group which is given by the children of the first four grades. A number of fifth graders appear in the first section of the program. Below is an outline of the program:

- Memories of Stephen Foster.
- "Oh, Susanna"
- "Come Where My Love Lies Dreaming"
- "Ring, Ring the Banjo."
- "The Glendy Burk."
- "I Dream of Jeanie."
- "Camptown Races."
- In the Land of Make-Believe.
- "Faries Dance"—Don Mills.
- "The Little Elf"—Floyd Heydenburg.
- "Concert"—choral reading—Don Mills.
- "Pine Frolic"—Helen Lou Miller.

(This section is entirely original, the composer of the second song being a college friend of

- "Home on the Range"—traditional.
- "The Old Chisholm Trail"—traditional.
- "Trail to Mexico"—traditional.
- "I'm an Old Cowhand"—Johnny Mercer.
- Tunes With a Lilt.
- "Stardust"—Hoagy Carmichael.
- "I Can't Do the Sum"—Victor Herbert.
- "Toyland"—Victor Herbert.
- "Deep Purple"—Peter De Rose.
- "Sleepy Head"—Walter Donaldson.
- We Pledge Allegiance.
- "America the Beautiful"—Bates-Ward.
- "You're a Grand Old Flag"—George Cohan.
- "I Am an American", choral reading—Lieberman.
- "Star Spangled Banner"—Key-Smith.

These junior high school boys and girls are in groups I, II, III, IV and V: Bruce Wright, John Leonard, Dick Smith, Millie Lamm, Louise Hudson, Harriet Kelsmeier, Maxine Yeakey, Harriet Schmucker, Betty Manus, Lavon Gilbert, Raymond Arnold, Leola Jacobs, David Wright, Dorothy Crouch, Jerry Arbogast, Clyde Wishard, Dick Knodle, Ted Lingel, Ronald Wallace, Donna Fleer, Marjorie Garrison, Barbara Payne, Anna Ruth Hartsell, Wayne Silvius, Bethel Avey, Doris Leopold, Dorothy Niklaus, Gloria Vogel, Gerry Lamm, Marilyn Davidson and Billy McNett.

The second unit of the program is to be given entirely by lower grade children. (The first grade was to have been represented, but a board of health ruling made it seem unwise to include them.) The youngsters are: Reggie Avey, Billy Egan, Philip Watt, Jimmie Fridley, Marilyn Jeanne Ballard, Bonnie Borklund, Barbara Dammont, Marlys McGee, Delina Mills, Nancy Thomas, Billy Clark, Jerry Knodle, Jimmie Shook, Dick Sharer, Alan Thomas, Darlene Blevins, Joanne Madlena, Margaret Schmucker, Jimmie Lee Miller, Louise Horner, Lois Wells, Kathleen Swan, Dick Horton, Marcia Lou Crawford, Maria Long, Betty Messer, Norman Smith, Tommy Toms, Tommy Small, Joan Lamm, Doris Burke, Donald Hagemann, Gene McGee, Donnie Pearce, Gary Samsel, Jimmie Wible, Gene Martin, Janet McNett, Sabra Mills, Joyce Gilbert, Phyllis Van Stone, Jerry Lee Bearman, Nancy Lizer.

In the first group of songs, "Memories of Stephen Foster", there will be some fifth graders portraying jolly dandies. They are: Duane Hagemann, John Patterson, Wendell Plum, Donnie Rhea, John Shook, Marlene Elliott, Lyda Lou Hagemann, Donna Hoffman, Shirley Zumdahl and Cecil Irene Messer.

Four little second grade boys, Donnie Findlay, Jack McNett, Jimmie Lee Hagemann and Vernon Arnold will be rought and tumble cowboys during the "Whoopie Ti Yo" section of the program.

From Victor Herbert's operetta, "Babes in Toyland", two songs have been chosen for the modern group of songs entitled "Toyland With a Lilt". The chorus of "Can't Do the Sum" is done by a group of third graders.

In the various sections there will be special ensembles of sing-

ers. Between groups, the grade school woodwind ensemble will play, and Pearl Wells and Rosemarie Klepper will give accordion solos.

Lovely costumes, pretty scenery and soft lighting effects will be used throughout the program.

Estimate 200,000 of Illinois Auto Drivers Without State Permits

Springfield, Ill., May 1—(AP)—It was against the law for Illinois motorists to drive their cars today unless they had applied for renewal of their drivers' licenses before the deadline at midnight last night.

Officials believed at least 200,000 drivers were in the tardy class, and they faced the prospect of having to take driving tests to get new permits.

Thousands of applications were pouring hourly into the office of Secretary of State Edward J. Hughes, who estimated more than 2,200,000 applications had been filed at the deadline.

In the three years that the driver licensing law has been in operation, Illinois issued permits to over 3,200,000 drivers, but officials explained the initial new registration probably would not exceed 2,600,000. Permits are issued for three years.

Unlimited Number of Men Sought for United States Merchant Ships

Chicago, May 1—(AP)—A new drive for an unlimited number of men from 18 to 30 to train for jobs in the merchant marine, was announced today by the U. S. Maritime Service enrolling office for Illinois, Indiana, Iowa and Wisconsin.

Machinist P. A. Williamson of the coast guard, in charge of the enrolling station, said the office formerly operated on a quota basis, but that the limit on enrollments had been lifted because of the "crying need for men to man our new ships as they come off the ways".

It is said that the Tartars ate books so they could acquire the knowledge contained therein.

IT'S YOUR WAR!!

What is the goal of the War Bond drive May 11? It is ten per cent of your income. That means regularly—every payday! At first it may sound like a lot of money—a big bite taken when living expenses are up so high—but turn to page 4 and read Morgenthau's letter.

Secretary of the Treasury Morgenthau puts it squarely before us—"It is urgently necessary that you DOUBLE the present rate of buying . . . we can't fight a war and live and spend 'as usual' . . . it is worth it—this country of ours!"

Would you loan 10% of your income to get out of Warsaw or Nanking IF YOU WERE THERE NOW? There's no use in dreaming about better times after the war—you know, sober opinion allows the POSSIBILITY OF US LOSING this struggle!

Three hundred Volunteer Minute Men are going to give their time on Monday, May 11, between 5:00 P. M. and 9:00 P. M. to call on everyone in Dixon. They won't ask for money—don't give them any—all they want is for you to show some PRACTICAL PATRIOTISM. Sign their card, it's still on a voluntary basis—let's hit the ball and keep it that way! You're up to bat that day, don't strike out. Make an effort to be AT HOME THAT AFTERNOON AND EVENING.

Legion Helps Defense Council in School for Air Raid Warden Work

Chicago, May 1—(AP)—The first statewide school for training air raid warden instructors will be conducted from June 7 to 13 in Jacksonvile.

Capt. William F. Vaughn, Illinois defense council's civil protection committee chairman, said 800 men to be selected by the American Legion and local defense councils throughout the state would be trained so that they, in turn, could instruct local air raid wardens.

The school will be held at the Illinois State School for the Deaf and will be sponsored by the state defense council and the Illinois department of the American Legion. All expenses, except transportation, will be defrayed by the Legion with a \$10,000 appropriation.

Chicago's Near North Side Has Fire Today

Chicago, May 1—(AP)—Fire marked by three explosions swept through a five story brick building on the near north side early today, causing damage estimated at \$100,000 by Fire Commissioner Michael J. Corrigan.

The fire started in the quarters of the Majestic Wood Carving company, which occupies the first four floors of the building.

Cause of the blaze, for which a 4-11 alarm was sounded, was not determined.

In seven years, the average life of a motor vehicle, the owner pays 18.9 per cent of its value in taxes.

In 1912, postal officials requested Congress to appropriate \$50,000 for an experimental air line, but were refused.
